Cyber Law and Ethics Mark Grabowski, Eric P. Robinson, 2026-03-26 In today's digital age understanding the legal and ethical rules that govern cyberspace is essential not just for future lawyers but for anyone navigating careers in media technology business or government The updated and

expanded second edition of *Cyber Law and Ethics* continues to offer a practical student friendly introduction to the fast changing world of cyber law. Written by two journalists turned lawyers turned professors the book demystifies complex legal concepts and explores real world dilemmas surrounding online speech, privacy, cybersecurity, intellectual property, artificial intelligence and digital commerce. It tackles timely and often controversial issues including cancel culture and content moderation, AI generated deepfakes and chatbots, revenge porn and age verification laws, cryptocurrency regulation and financial censorship, cybercrime and hacking and the global battle over who controls the internet. With clear, engaging writing and real life examples, *Cyber Law and Ethics* avoids legal jargon and instead offers a bottom line approach tailored for undergraduate students. Drawing on years of classroom experience, the authors break down difficult topics in an accessible way, equipping students with the digital literacy and critical thinking skills they need to understand the rules shaping our connected world. A suite of instructor resources is also available to support teaching and engagement further.

Making Work Human: How Human-Centered Companies are Changing the Future of Work and the World Eric Mosley, Derek Irvine, 2020-10-06. How do you keep your employees engaged, creative, innovative and productive? Simple. Work human. From the pioneers of the management strategy that's transforming businesses worldwide, *Making Work Human* shows how to implement a culture of performance and gratitude in the workplace and seize a competitive edge, increase profitability and drive business momentum. Leaders of Workhuman, the world's fastest growing social recognition and continuous performance management platform, Eric Mosley and Derek Irvine use game-changing data analytics to prove that when a workplace becomes more human, when it's fueled by a culture of gratitude, measurable business results follow. In *Making Work Human*, they show you how to apply analytics and artificial intelligence in ways that make work more human, not less. Expand equity, diversity and inclusion initiatives and strategies to include a wider range of backgrounds, life experiences and capabilities. Use recognition as an actionable strategy to create a truly inclusive, connected culture. The qualities that make us most human—connection, community, positivity, belonging and a sense of meaning—have become the corporate fuel for getting things done, for innovating, for thriving in the global marketplace and for outperforming the competition. The authors write, "By building a sense of belonging, purpose, meaning, happiness and energy in every employee, you'll create a profound connection between your organization and its goals." And *Making Work Human* provides everything you need to get there.
