Managing Organizational Behavior John R. Schermerhorn, Jr., James G. Hunt, Richard N. Osborn, 1985-03

Effective Leadership Ronald H. Humphrey, 2013-05-29 *Effective Leadership Theory Cases and Applications* by Ronald H. Humphrey integrates traditional and new leadership theories including transformational leadership, leader-member exchange, authentic leadership, servant leadership, self-leadership, shared and distributed leadership, identity theory, and the value of emotions and affect to provide a comprehensive look at the many facets of effective leadership. Practical and fun to read, this innovative book incorporates personal reflections and current business examples to bring the theories of organizational leadership to life. In addition, the *Put it in Practice* features help readers see how they can apply the leadership research to their own work lives while leadership cases throughout demonstrate how real leaders have succeeded by applying the leadership principles discussed in the book.

Leadership Education, 1996 **Case and Comment**, 1919 **CIVIL PROCEDURE: CASES AND MATERIALS THIRD EDITION** JOHN J. COUND, 1980 **American Law Review**, 1880 **A Casebook for School Leaders** Karen L. Hanson, 2009 For those pursuing a career in educational administration, the third edition of this text offers a unique opportunity to engage in case analysis. Introducing 44 cases that represent real-life situations in today's schools, readers are provided with a case analysis framework to use as a tool for analyzing the cases and resolving problems presented in each case. New to this edition, *Developing Your Leadership Expertise* activities provide readers with the opportunity to practice applying chapter content to the Interstate School Leaders Licensure Consortium (ISLLC) standards. Five new cases have been added, addressing issues such as separation of church and state, personal leadership development, No Child Left Behind fundraising, and leadership attributes. Questions to Research and Consider have been revised to scaffold readers' learning, including higher-order thinking questions and inquiry-based activities. Hallmark features include the ISLLC Matrix, located on the inside front cover, which correlates the subject matter in the cases with the Interstate School Leaders Licensure Consortium (ISLLC) model standards; the Case Analysis Framework, which is applied to each case and provides a tool for readers to systematically process the case information, categorize the data, summarize the material, and locate a root cause; the Suggested Reading List, located at the back, which provides additional references for research and information that apply to each case topic. Hanson is incredibly creative and brings additional breadth and depth to my introductory school leadership course. The cases stand alone but also flow together to paint a picture of what it's like for aspiring school leaders.

Casey Graham Brown, Ph.D., Texas A&M University-Commerce. The author's writing abilities are well-developed for the story-telling genre. Each case seems to flow in a natural manner that keeps the reader's interest. The writer appears to be up-to-date, professional, and on top of current issues in educational administration. This book would be a valuable resource in guiding classroom discussions and developing self-awareness.

Sue R. Abegglen, Ed.D., Culver Stockton College. **The American Law Review**, 1880 **Bundle: Leadership Theory and Practice, Fourth Edition and Cases in Leadership** Peter G. Northouse, W.
