## Chapter 1:

- The European explorers who followed Christopher Columbus to North America had no notion of founding a new nation, and neither did the first European settlers who founded the thirteen English colonies
- Most learned to live lives unfettered by the tyrannies of royal authority, official religion, and social hierarchies that they had left behind.
- Most came determined to create an agricultural society modeled on English customs.
- They also commonly displayed a willingness to subjugate outsiders. Ex: indians
- The thirteen colonies were very different from one another.
- Diversity reigned in New York through Delaware
- Conflicts began over economic interests, ethnic rivalries, and religious practices
- These issues made it difficult for colonists to imagine that they were a single people with a common destiny
- After 1763, the British government, which was financially overstretched, chose to impose taxes on colonies that had been accustomed to answering mainly to their own colonial assemblies.
- In 1775 most people in the colonies hoped that some kind of accommodation short of outright independence, royal intransigence soon thrust the colonists into a war of independence that neither antagonist could have anticipated just a few years before.
- The war in one sense strengthened ties with Britain, since colonial militias fought triumphantly alongside the British army against their mutual French and Indian enemies
- The British made themselves less indispensable to the American colonies by driving the French from the North American continent
- In the end, Americans won the Revolution, with no small measure of help from the French
- In every colony people shared a strong belief that they were fighting for the "unalienable rights" of "life, liberty, and the pursuit of happiness."
- The majestic ranges of western North America—the Rockies, the Sierra Nevada, the Cascades, and the Coast Ranges— arose much more recently than others (some 135 million to 25 million years ago).
- The continent was anchored in its northeastern corner by the massive Canadian Shield

tradition developing a native poetry and helping to form some fifty significant poets Emily Dickinson Stephen Crane Ezra Pound Edwin Arlington Robinson Amy Lowell Sara Teasdale Carl Sandburg and Vachel Lindsay are just a few of the writers whose works Reedy featured in his magazine *The Man in the Mirror* offers a colorful description of Reedy's boyhood in St. Louis during the turbulent period following the Civil War This well documented biography follows Reedy throughout his years as a reporter in the early days of the *St. Louis Post Dispatch* and *Globe Democrat* and as editor of the *St. Louis Star* Only seven years after Reedy founded the *Mirror* as a national journal of opinion a potpourri of political comment social gossip and literary miscellany the magazine's circulation far surpassed that of the *Dial Atlantic Monthly* or *Nation* Max Putzel truly conveys the spirit and personality of Reedy by carefully examining his life within the context of the literary world he influenced so significantly Full chapters are devoted to his relationships with Theodore Dreiser Ezra Pound Vachel Lindsay Amy Lowell and others Edgar Lee Masters whose *Spoon River Anthology* first appeared in the *Mirror* called Reedy both the Literary Boss of the Middle West and his best friend In fact Reedy had quite a range of friends from librarians to politicians St. Louis locals to Teddy Roosevelt His personal effect on people writers and readers alike is what has made him such an important historical figure It is a tribute to Reedy's critical judgment that the reputations he helped to build would later overshadow his own *The Man in the Mirror* lauded as the first substantial study of Reedy's work by *American Literature* reveals Reedy's notable contribution to the literary world

Rodgers, 2020-10-06 For we must consider that we shall be as a city upon a hill John Winthrop warned his fellow Puritans at New England's founding in 1630 More than three centuries later Ronald Reagan remade that passage into a timeless celebration of American promise How were Winthrop's long forgotten words reinvented as a central statement of American identity and exceptionalism In *As a City on a Hill* leading American intellectual historian Daniel Rodgers tells the surprising story of one of the most celebrated documents in the canon of the American idea In doing so he brings to life the ideas Winthrop's text carried in its own time and the sharply different yearnings that have been attributed to it since *As a City on a Hill* shows how much more malleable more saturated with vulnerability and less distinctly American Winthrop's Model of Christian Charity was than the document that twentieth century Americans invented Across almost four centuries Rodgers traces striking shifts in the meaning of Winthrop's words from Winthrop's own anxious reckoning with the scrutiny of the world through Abraham Lincoln's haunting

reference to this almost chosen people to the city on a hill that African Americans hoped to construct in Liberia to the era of Donald Trump As a City on a Hill reveals the circuitous unexpected ways Winthrop s words came to lodge in American consciousness At the same time the book offers a probing reflection on how nationalism encourages the invention of timeless texts to straighten out the crooked realities of the past
