 Get Better Results with high quality content exercise sets and step by step pedagogy The Miller O Neill Hyde author team  
 continues to offer an enlightened approach grounded in the fundamentals of classroom experience in *Beginning Algebra 4e*  
 The text reflects the compassion and insight of its experienced author team with features developed to address the specific  
 needs of developmental level students Throughout the text the authors communicate to students the very points their  
 instructors are likely to make during lecture and this helps to reinforce the concepts and provide instruction that leads  
 students to mastery and success Also included are Problem Recognition Exercises designed to help students recognize which  
 solution strategies are most appropriate for a given exercise These types of exercises along with the number of practice  
 problems and group activities available permit instructors to choose from a wealth of problems allowing ample opportunity  
 for students to practice what they learn in lecture to hone their skills In this way the book perfectly complements any  
 learning platform whether traditional lecture or distance learning its instruction is so reflective of what comes from lecture  
 that students will feel as comfortable outside of class as they do inside class with their instructor *Student Solutions*
