Access is one of the great unexamined issues in social media. Barriers used to be everywhere in the form of gatekeepers and rules that governed access to people with power, authority, budgets, expertise, and fame. But social media side doors, alternate avenues of access through social media, have opened all around us and few have noticed. Through them we can engage with top business executives, thought leaders, and tastemakers. We have the unique ability to draw the attention of people and organizations that are bombarded every day by countless competing traditional requests for consideration. In *The Social Media Side Door*, social media strategist Ian Greenleigh reveals how to walk right through the social media side doors that lie hidden in plain sight to forge valuable relationships, create business opportunities, raise your thought leader profile, or land the perfect job. It will enable readers to expand their own means of access to those they wish to engage with and the ways in which this access in both directions can be leveraged to unlock a new level of ROI. Ian Greenleigh is the Senior Manager of Content and Social Strategy at Bazaarvoice. His words and ideas have been featured in *Harvard Business Review*, *AdAge*, *Adweek*, *Ragan*, *Seth Godin's The Domino Project*, and elsewhere. He writes and speaks on a wide range of topics including changing consumer brand relationships, the convergence of personal identities, and the radically shifting landscapes of access and influence.
