## Romantasy S Today:

**Fantasy from A to Z** Joe Vasicek, 101-01-01 From Tolkien to today why fantasy still matters Fantasy isn't just about dragons, quests, and magic; it's about wonder, meaning, and the longing for a world that feels more real than our own. In *Fantasy from A to Z*, author Joe Vasicek takes readers on a journey through twenty-six essays that explore the heart of the fantasy genre: what makes it timeless, what gives it power, and why it continues to speak to us in a world that has forgotten how to dream. From archetypes and epic battles to kings, magic, and the coming rise of noblebright, Vasicek traces fantasy's roots back to the myths and moral struggles that define us as human beings. Part literary exploration, part personal manifesto, this book is a love letter to the stories that shaped us and a roadmap for anyone who believes that the world of wonder is still worth fighting for.

**Romantic Friction** Lori Gold, 2025-05-06 Relatable characters, sharp writing, and emotional turbulence will make you laugh and cry. Sally Hepworth, *New York Times* bestselling author of *Darling Girls*, Sofie Wilde's bestselling fantasy romance series has been breaking bestseller records and readers' hearts for years. She's primed to become a worldwide phenomenon as the tenth and final book is set to debut after the annual romance readers convention takes place in Chicago next week. As buzz continues to build toward the book's release, Sofie is asked to headline the event for the first time—a career milestone. One she won't let anyone take from her, especially the next Sofie Wilde. That's what they're calling her: Hartley West, the self-published debut author who writes in the style of Sofie Wilde. Except she doesn't actually write anything. After Hartley admits to using AI to create her novel, Sofie's ready to watch Hartley be skewered on social media. Except in this unpredictable world, Hartley is instead lauded for being innovative for being such a skilled editor to take what the AI churned out and massage it into a story that's just as compelling as Sofie's, maybe even more so. After her unhinged rant unintentionally goes viral, Sofie loses her keynote, and she's starting to lose all her support. That loss is Hartley's gain as her book sales start soaring; she's given the headliner spot. Sofie is livid. And she's not the only one. As the convention begins, Sofie is surrounded by fellow authors who also fear for their futures, their livelihoods, their art being stripped away. One AI prompt at a time, something must be done. This has to be stopped. Now. With the clock ticking down to the keynote, Sofie enlists her fellow authors in a plan to stop Hartley vowing "The next Sofie Wilde over my dead body. Or hers." Lori Gold has crafted a raucous romp through the world of publishing, asking what it really means to be a writer in the time of AI. Perfect for fans of Finlay Donovan's *Killing It* and Emily Henry. Don't miss Lori Gold's next novel, *KISS MARRY KILL*, where three best friends and founders of an up-and-coming health and wellness app play a spin on the game of kiss, marry, kill at their company's summer outing and wake up the next morning in an alternate universe where they've each done just that.
