Entrepreneurship: Captain of your Ideas Dan Gardner,2021-03-01 Entrepreneurship Captain of your Ideas is a concise blend of advice and inspiration to help entrepreneurs nurture their Fabulously Great Notion along the winding path to success This is a hopeful book full of affirmative yet actionable plans the nuts and bolts of taking your unique idea and steering that ship along the rough seas of discovery What s in Entrepreneurship Filled with fun philosophical nuggets and more helpful questions than hard answers Entrepreneurship will help new Captains as in YOU explore the challenges of a journey of ideas You ll learn to embrace the one thing every entrepreneur dreads most problems You ll also learn the three keys to Developing Your Vision and the One Thing to Avoid as you sail off into uncharted waters Short free yet action oriented Even free books like this one cost you precious time to read and digest At only 44 pages in length anyone can read this book in one short setting Reread the parts that mean the most to you Highlight the helpful action plans as you go Use Entrepreneurship as a reference to expand your horizons creating a solid foundation to grow your business and commit to your ideas and ultimately to become your own Captain From the man who gave us the RunPee app the app that tells you the best time to run and pee during a movie without missing the best scenes Learn from Dan s success and mistakes gathered from over a decade of making it up as he went along If he can do it you certainly can **10th Anniversary Edition The Life You Can Save** Peter Singer,2019-12-01 In this Tenth Anniversary Edition of The Life You Can Save Peter Singer brings his landmark book up to date In addition to restating his compelling arguments about how we should respond to extreme poverty he examines the progress we are making and recounts how the first edition transformed the lives both of readers and the people they helped Learn how you can be part of the solution doing good for others while adding fulfillment to your own life **America, the Owner's Manual** Bob Graham,Chris Hand,2016-07-15 In 2016 Americans fed up with the political process vented that frustration with their votes Republicans nominated for president a wealthy businessman and former reality show host best known on the campaign trail for his sharp rhetoric against immigration and foreign trade Democrats nearly selected a self described socialist who ran on a populist platform against the influence of big money in politics While it is not surprising that Americans would channel their frustrations into votes for contenders who pledge to end business as usual the truth is that we don t have to pin our hopes for greater participation on any one candidate All of us have a say if we learn master and practice the skills of effective citizenship One of the biggest roadblocks to participation in democracy is the perception that privileged citizens and special interests command the levers of power and that everyday Americans can t fight City Hall That perception is undoubtedly why a 2015 Pew Charitable Trusts survey found that 74 percent of those Americans surveyed believed that most elected officials didn t care what people like them thought Graham and Hand intend to change that conventional wisdom by showing citizens how to flex their citizenship muscles They describe effective citizenship skills and provide tips from civic experts Even more importantly they offer numerous examples of everyday

Americans who have used their skills to make democracy respond The reader will see themselves in these examples of citizens who chose to be victorious participants rather than tranquil spectators in the arena of democracy By the end of the book you will have new confidence that citizen participation is the lifeblood of America and will be ready to make governments work for you not the other way around *Encyclopedia of Management* ,2009 Covers numerous topics in management theories and applications such as aggregate planning benchmarking logistics diversification strategy non traditional work arrangements performance measurement productivity measures supply chain management and much more
