**The Dark Social** Tojia Cinque,Alexia Maddox,Robert W. Gehl,2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to be belong in of the dark Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology This book was originally published as a special issue of Continuum Journal of Media Cultural Studies

*Move Slowly and Build Bridges* Robert W. Gehl,2025 *Move Slowly and Build Bridges* tells the story of activists software developers artists and everyday people who have built the fediverse a large noncentralized alternative social media system In contrast to big tech corporations like Meta TikTok or X the fediverse is comprised of thousands of small independent communities who use a powerful internet protocol to communicate with one another These small communities can govern themselves and moderate content at the human scale in stark contrast to the global and advertiser friendly interests of Meta or X The Mastodon network is perhaps the most notable and successful platform in the fediverse Founded in 2016 Mastodon has positioned itself as an alternative to Twitter one that can be completely under the control of its members from it to its daily operations to its underlying software Making a noncentralized ethically run social media system is no easy task The people building the fediverse have faced burnout bigotry angry debates and death threats And they face constant nagging doubts can we really do this Can noncentralized social media survive Can we all of us have our own social media In this thoroughly researched book Robert W Gehl argues that the answer is yes but it won t be easy

*Gaming Democracy* Adrienne L. Massanari,2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In *Gaming Democracy* Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley s emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and

COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism *Reports Great Britain.
