Le Guin, 1983-03-15 When *The Left Hand of Darkness* first appeared in 1969 the original jacket copy read Once in a long while a whole new world is created for us Such worlds are Middle Earth Dune and such a world is Winter Twenty five years and a Hugo and Nebula Award later these words remain true In *Winter or Gethen* Ursula K Le Guin has created a fully realized planet and people But Gethen society is more than merely a fascinating creation The concept of a society existing totally without sexual prejudices is even more relevant today than it was in 1969 This special 25th anniversary edition of *The Left Hand of Darkness* contains not only the complete unaltered text of the landmark original but also a thought provoking new afterword and four new appendixes by Ms Le Guin When the human ambassador Genly Ai is sent to Gethen the planet known as Winter by those outsiders who have experienced its arctic climate he thinks that his mission will be a standard one of making peace between warring factions Instead the ambassador finds himself wildly unprepared For Gethen is inhabited by a society with a rich ancient culture full of strange beauty and deadly intrigue a society of people who are both male and female in one and neither This lack of fixed gender and the resulting lack of gender based discrimination is the very cornerstone of Gethen life But Genly is all too human Unless he can overcome his ingrained prejudices about the significance of male and female he may destroy both his mission and himself **The Left Hand of Darkness** Ursula K. The Location of Religion Kim Knott,2005 The book begins by developing a spatial methodology to analyse secular and post secular religious relations The spatial approach is then applied to a particular case that of the left hand Our understanding of this sinister but intimate other draws on a wide range of ideas from different religious traditions to alternative paths to salvation and self realisation Politics, Persuasion, and Pragmatism Ellen Susan Peel,2002 An addition to the Theory and Interpretation of Narrative series Peel s book addresses how feminist utopian narratives attempt to persuade readers to adopt certain beliefs Using three feminist utopian novels as her main examples The Marriages between Zones Three Four and Five by Doris Lessing The Left Hand of Darkness by Ursula K Le Guin and Les Gu rill res by Monique Wittig Peel examines how belief bridging and protean metaphor in these works persuade readers Literary persuasion often dismissed as propaganda in fact works in subtle and profound ways The book presents major techniques by which narrative literature exercises this sophisticated influence on beliefs Ultimately concluding that the pragmatic works better than the static in utopian feminism Peel shows how in novels such as those under discussion the narrative techniques support pragmatism Inquiring how narrative form can shape political belief by affecting readers responses the author integrates topics that are rarely combined The book investigates three theoretical issues utopian belief distinguishing the perfectionism of the static from the vitality of the pragmatic and showing how the latter creates narrative energy the persuasive process tracing narrative form and asking how implied readers match real ones and how readers are swayed by belief bridging and protean metaphor and feminist belief a nuanced definition that accounts both for what links feminists and what makes them diverse Politics Persuasion and Pragmatism explores the rhetorical and ethical power of narrative literature The Left Hand of Darkness Ursula K.
