It examines the issues surrounding the professional development of English language teachers in India at the tertiary level from multiple perspectives. Further, it evaluates various models of continuing professional learning CPL and emphasizes the transformative model as a solution to the social administrative or other impediments teachers encounter in their lives. Importantly, it presents examples solving academic and non-academic problems in formal and informal and face-to-face and technology-mediated forms of teaching and learning by teachers of English in different contexts. It discusses the latest developments in the literature related to the transformative and reflective approach to classroom problems faced by teachers on the ground such as classroom environment, students' socio-economic background, teachers' education, and teacher assessment. Also, it positions continuing professional development CPD as having transformative power in teaching English in India and how it can improve students' learning opportunities.
