Copyright's Excess Glynn Lunney, 2018-04-12 For more than two hundred years copyright in the United States has rested on a simple premise more copyright will lead to more money for copyright owners and more money will lead to more original works of authorship In this important illuminating book Glynn Lunney tests that premise by tracking the rise and fall of the sound recording copyright from 1961 2015 along with the associated rise and fall in sales of recorded music Far from supporting copyright's fundamental premise the empirical evidence finds the exact opposite relationship more revenue led to fewer and lower quality hit songs Lunney's breakthrough research shows that what copyright does is vastly increase the earnings of our most popular artists and songs which net result means fewer hit songs This book should be read by anyone interested in how copyright operates in the real world

Kassandra Wilson ha promesso di lasciarsi il passato alle spalle e non pensarci mai pi Ha chiuso con l'amore ma soprattutto ha chiuso con lui Jacob che non vuole nemmeno sentir nominare La sua vita quasi perfetta ora ha un fidanzato che le vuole bene e la rispetta ottimi risultati a scuola e si sta preparando per diventare campionessa di pattinaggio

Ma Kassy non sa ancora che Jacob sta per entrare nei Saracens la squadra di cui suo padre Scott Wilson allenatore Per Jacob un sogno che si avvera perch finalmente avr l'opportunit di rimediare all'errore commesso cinque anni prima lasciare Kassy

Per Kassy invece il ritorno di Jacob pu trasformarsi in un incubo Infatti se allora lei e Jacob litigavano di continuo adesso ne certa tra loro potr esserci solo un'esplosione di sentimenti contrastanti che esulano dal suo controllo Come se a governarli ci fosse una formula strana e complicata che d sempre lo stesso risultato
