Angelicus-M. B. Onasanya,2009-05-16 The question of nation building has enjoyed currency in the discourse about the general development of countries around the world Its global importance could be discerned in two different areas nation building as applied to efforts aimed at rebuilding a country after a war as in Bosnia Iraq Afghanistan and so on and nation building with regard to efforts aimed at dealing with the sobering realities of failed or failing countries whose populations have been exploited abused and mismanaged almost to the point of extinction As can and should be expected Nigeria and Nigerians at home and abroad have not been exempt from these discourses especially in the past few years as the country's nascent and fledgling democracy became embarrassingly threatened to the point of abortion within Nigeria and the international community of nations In ones sober moments the realisation that Nigeria is fast becoming another failed state procures rather scary thoughts Ie Ess Wor Reg Geog W/Cd Salter,2002-08 The Publishers Weekly ,1897
