We do not know prehistoric times unless we travel from the present then backwards We have to start from where we are and travel far away back in time Unless we can trace a movement a lineage a progression an evolution a devolution any pathway then it would be like trying to follow the course of a skipping stone and being unable to see where it connects under the water we must study the formation of the ripples We connect the dots through historical facts the significant events and activities and project those further backwards in time to the prehistoric vestiges of assumed memory What we find today is a great and material civilization covering most of the Earthly world which is being controlled and ruled over by something which is a force known as the global cf preview **Journey to The East: A Hitchhiker's Guide to the Middle Kingdom** Tom Lightner,2018-06-05 Journey to the East is the story of a western traveler with a very limited Chinese vocabulary

traveling in China The author took small trips to large and mid sized cities trying to learn enough about communications and culture to be able to travel freely in China After tiring of organized tours he adapted to trains buses taxis and black cars which allowed him to see culture and sights beyond the reach of most western tourists He found that adding hitchhiking to the mix of transportation modes allowed broader access to remote sites The author tested his cultural and hitchhiking lessons learned in small trips by traveling cross country He followed the same route that former NPR correspondent Rob Gifford traveled in China Road but from west to east from Kazakhstan to China s east coast at Shanghai The book reports on the travels and how the lessons learned succeeded or failed *The Streaming Media Guide* Michael D'Oliveiro,2019-06-03
