Teaching and Assessing with AI: Teaching Ideas, Research, and Reflections Davide Girardelli,Kelly Merrill Jr ,Amy Wanyu Ou,2026-03-19 By the end of 2022 generative AI technologies based on large language models had become easily accessible and increasingly widespread As disruptive technologies their full impact and range of applications are still unfolding Education is one of the six key application areas for generative AI identified by Chiarello et al 2024 alongside human resources programming office automation social media and search engines In education generative AI offers new possibilities for teaching and assessment such as personalized tutoring automated feedback and adaptive systems e g Jensen et al 2024 However these innovations also present significant challenges that educators must navigate to ensure that all learners may benefit from them Specifically educators are called to tackle among other things the changing dynamics of teacher student communication the shifting nature of their role ethical concerns in assessment and the impact of generative AI on intercultural understanding in increasingly diverse education settings The aim of this Research Topic is to offer a platform for researchers and educators to reflect on the impact of these technological shifts on classroom culture and to share innovative pedagogical experiments that enhance teaching and assessing practices The editorial team has chosen a short paper format to capture fresh ideas conversations and pedagogical experimentations making them easily accessible to a wider audience of researchers and teachers This multidisciplinary project welcomes contributions from teachers and

researchers across a variety of fields e.g. communication, education, computer science, economics, mathematics, and biology. We are particularly interested in practices with cross-disciplinary relevance that can shape classroom cultures at the tertiary level. The generative AI tools discussed in contributions must be available in a free or free tier version or commonly available as part of university-wide enterprise licenses or similar. Submissions may focus on but are not limited to the following themes: effective practices and/or lessons learned in integrating generative AI tools in classroom settings; successful strategies for supporting teaching, learning, and assessment with generative AI tools; real-time student feedback through AI-driven feedback mechanisms; critical discussions on academic integrity, critical thinking, authorship, and other ethical concerns related to generative AI in classroom teaching, assessment, and curriculum design; advances in instructional communication and/or pedagogical theories in the light of the integration of generative AI tools in classroom settings; student engagement, participation, and collaborative learning in the AI-mediated classroom; educational materials, instructional sources, and teacher professional development in the AI-mediated classroom; development of knowledge and skills needed for learning in the generative AI era, e.g. digital literacy and critical generative AI literacy; critical discussions on the challenges that generative AI poses to classroom culture, e.g. digital divide, power dynamics, and intercultural inequalities; the sustainability of generative AI tools in classroom settings.

The Topic Editors seek three types of submissions:

1. Great Ideas for Teaching/Assessing with AI GIFT AIs: GIFT AIs are instructor- and student-tested ideas for effectively teaching and assessing a wide range of topics using generative AI. The goal of GIFT AIs is to inspire educators to include and to experiment with AI in their teaching practices. A GIFT AI may include: a) original single teaching activities; b) original teaching units spanning several days or weeks; c) original semester-long projects or approaches for an entire course; d) systematic data-driven reflection on assessment practices to monitor and support student learning and improve the quality of specific courses or overall programs. GIFT AI submissions should include the following components: 1) title, begin with GIFT AI; 2) intended course, subject, class size, level, modality, duration, recommended skill sets for students, weekly schedule, cross-disciplinary relevance, and other relevant information; 3) objectives, learning outcomes; 4) theoretical rationale, gamification, authentic assessment, collaborative learning, etc.; 5) step-by-step implementation, instructions, preparation, preliminary steps, required learning materials, etc.; 6) debriefing, appraisal, including any limitations and/or suggested variations and reflections; 7) references; 8) appendix, optional.

The journals involved in this Research Topic accept a wide range of article types. Suitable article types for GIFT AI submissions may include Brief Research Report and Technology and Code 2 Short Research Reports on Teaching/Assessing with AI. RESEARCH AIs offer researchers engaged in advancing our understanding of the use of AI in educational settings the opportunity to present recent findings from a series of interconnected studies and classroom-based research agendas. The goal of RESEARCH AIs is to inform the scholarly community about comprehensive research programs and current research developments, propose future research directions, and contribute to evidence-based practices for integrating AI in teaching.

and assessment Submissions to RESEARCH AIs should highlight how the presented findings stem from a coherent body of research that collectively addresses a unifying research question or theme RESEARCH AI submissions should include the following components 1 title begin with RESEARCH AI 2 abstract 100 200 words 3 introduction contextualization of the paper 4 main text comprehensive outline of the research agenda with discussion of relevant studies theories or models including research methodologies implemented and key findings 5 conclusion summarizing key points highlighting the research agenda s contributions and suggesting future directions 6 references 7 appendix optional The journals involved in this Research Topic accept a wide range of article types Suitable article types for RESEARCH AI submissions may include Brief Research Report and Technology and Code 3 Reflections on Teaching Assessing with AI REFLECTION AIs REFLECTION AIs are reflective pieces exploring the possibility of AI in teaching and assessing practices They are intended to inspire meaningful thought provoking debates among educators also in the style of op ed REFLECTION AIs should be forward looking outlining potential trajectories in pedagogical practices and or provocative discussing critical issues These reflective pieces may be based on a variety of approaches including for instance autoethnography case studies and historical analysis and authors may include bold suggestions and proposals Reflective pieces that critically question the inclusion of generative AI technology in the classroom are welcomed REFLECTION AI submissions may be written in first person form if relevant and should maintain a clear focus REFLECTION AI submissions should include the following components 1 title begin with REFLECTION AI 2 abstract 100 200 words 3 introduction contextualizing the reflection and presenting the specific focus guiding the reflection 4 main argument discussion of the central theme with relevant examples case studies or personal teaching experiences if applicable May include an outline of possible future trajectories critical reflections bold suggestions and innovative ideas 5 conclusion 6 references 7 appendix optional The journals involved in this Research Topic accept a wide range of article types Suitable article types for REFLECTION AI submissions may include Perspective and Opinion Word Count and Supplementary Material Submissions should be a maximum of 3 000 words excluding the abstract section titles figure and table captions funding statement acknowledgments and bibliography references The word count includes appendixes unless the selected article type allows more than 3 000 words Relevant generative AI codes and scripts mentioned in the text as well as data that are not of primary importance to the text or which cannot be included in the article because they are too large or the current format does not permit it such as videos raw data traces PowerPoint presentations etc can be uploaded as supplementary material during the submission procedure and will be displayed along with the published article For more information about the submission of supplementary material please see [here](#) Manuscript Summaries Authors are encouraged to submit a manuscript summary before submitting a full manuscript The deadline for manuscript summaries is 31 01 2025 A manuscript summary is simply a summary of the manuscript one plans to submit The Topic Editors will review all manuscript summaries and provide feedback that authors should consider when writing their full

manuscript Manuscript summaries will not be published externally and there is no associated fee The maximum word count for manuscript summaries is 2000 words Formatting Style Harvard is Frontiers recommended but not mandated citation style For manuscripts reviewed and accepted for publication the production process can include changing the style to Harvard

Sample Onboarding Process Document Introduction

In today's digital age, the availability of Sample Onboarding Process Document books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Sample Onboarding Process Document books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Sample Onboarding Process Document books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Sample Onboarding Process Document versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Sample Onboarding Process Document books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Sample Onboarding Process Document books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Sample Onboarding Process Document books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare,

which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Sample Onboarding Process Document books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. FAQs About Sample Onboarding Process Document Books

What is a Sample Onboarding Process Document PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Sample Onboarding Process Document PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Sample Onboarding Process Document PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Sample Onboarding Process Document PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Sample Onboarding Process Document PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without

significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
