Goodbye Privacy Gerfried Stocker,Christine Schöpf,2007 This is the catalogue for the 2007 Ars Electronica Festival held in Linz Austria It presents theoretical reflections by participating artists and scholars along with descriptions of exhibited art projects in a current survey of the fields of interaction between art technology and society

Turnout in Germany Markus Steinbrecher,Sandra Huber,Hans

Rattinger,2007 Voter turnout in Germany has been declining since the end of the 1980s European and Landtag representative assembly elections are particularly affected by this development The all time low was a turnout of 43 percent in the European Parliament election in 2004 The causes for this dramatic decline are a regular topic in public debates This book analyzes the participation of Germans in European Bundestag Parliament and Landtag elections since 1979 With its broad research design the book integrates the most important approaches of empirical electoral research In the first part of the book turnout is described within its geographic and social context by means of data from official statistics However individual attitudes and motives of the voters are even more important for the interpretation of declining turnout and are thus examined in the second part of the book The weakening of social norms and political dissatisfaction has dramatic consequences for turnout and cannot be
