We are in a new communication techniques have considerably evolved. The electronic hardware and soft communication anywhere in the world access to huge databases as well as permanent documents required by the drilling personnel. At the moment of making a decision about *Drilling Data Handbook* the question was is it pertinent to do an electronic version on accessible one with a connection to different sites or to keep the popular concept of the people have been using it for decades. The Internet gives access to an infinite volume everybody has experimented the trouble of being lost in the way or the difficulty to read information. The *Drilling Data Handbook* does not want to compete with the web sites on other sources of electronic documentation. The main goal of our contribution to the drill access very quickly and without any additional resources to the fundamental data at the floor. That is the reason why we made the decision to present you this reviewed and up the formula you are familiar with and we hope that it will continue to help you when play well.
