Your Coach (in a Book) Robert Hargrove, Michel Renaud, 2004-06-28 Coaching has proven to be one of the most powerful and effective ways for leaders to develop and improve their performance. Yet working one on one with a coach is not always possible. If you want the experience of masterful coaching, *Your Coach In a Book* provides a time-efficient and affordable solution. Based on the authors' highly successful Masterful Coaching approach, *Your Coach In a Book* is designed to help you master your trickiest leadership, business, and career challenges. Throughout, master-level coaches Robert Hargrove and Michel Renaud engage the reader in a coaching conversation about your most important goals, pivotal decisions, bothersome issues, and dilemmas. *Your Coach In A Book* simulates the experience of working with a personal coach, drawing on thousands of hours of coaching conversations. It gives you the insights you need to set aspirational goals, master the corporate chessboard, and create new openings for action where you are stuck or ineffective.

**High-Stakes Leadership** Constance Dierickx, 2017-09-22 What makes some leaders so effective when the stakes are high while others fall short? Why are some able to not only survive but to lead their organizations to new heights even in risky, fast-changing times? The answer is succinct but multi-layered: such leaders display courage, judgment, and fortitude. High-stakes leadership does not require unnatural powers, nor is it predicated on a dangerous situation. The three signature character traits can be cultivated by anyone at any level in any organization, big or small. Organizational and leadership consultant Constance Dierickx describes high-stakes leadership in a simple three-part model that illuminates the mindsets, strategies, and tactics leaders must draw upon to make tough decisions, take an unpopular stand, or ignore convention, providing real-world examples across a range of sectors and industries. Dierickx developed her model of high-stakes leadership to help her clients, executives at organizations ranging from start-ups to nonprofits to large global companies, better define what they need to bring strategy to life. This, she found, is the great gulf in business: the vast space between idea and results. *High Stakes Leadership* helps leaders sharpen their ability to act decisively with clarity and focus, test ideas using reason and course-correct as needed, be resolute, and inspire others to continue even in the face of challenges. Leading requires the courage to make conscious decisions about what to do, the judgment to separate information from short-term trends, and the fortitude to remain true to oneself and one's mission. When leaders do these things, they also become teachers, leading their teams by example, often without realizing it. The essential aspects of good leadership endure even as the environment and tactics change. Indeed, courage, judgment, and fortitude are not merely tools for survival; they are the means by which we sculpt the future.
