Project Management: The Managerial Process 6e Erik Larson, Clifford Gray, 2014-07-16 Project Management The Managerial Process 6e Mastering Project Management Strategy and Processes Randal Wilson, 2015 Mastering Project Management Strategy and Processes gives managers powerful insights and tools for structuring and managing any project based on business strategy and how that project will be used. Starting with project objectives it demonstrates how to establish processes that optimally group actions at each stage of the project lifecycle thereby maximizing the likelihood of success. This book is part of a new series of six cutting edge project management guides for both working practitioners and students. Like all books in this series it offers deep practical insight into the successful design management and control of complex modern projects. Using real case studies and proven applications expert authors show how multiple functions and disciplines can and must be integrated to achieve a successful outcome. Individually these books focus on realistic actionable solutions not theory. Together they provide comprehensive guidance for working project managers at all levels as well as indispensable knowledge for anyone pursuing professional certification or other accreditation in the field.

Project Management of Large Software-Intensive Systems Marvin Gechman, 2019-03-11 The book describes how to manage and successfully deliver large complex and expensive systems that can be composed of millions of lines of software code being developed by numerous groups throughout the globe that interface with many hardware items being developed by geographically dispersed companies where the system also includes people policies constraints regulations and a myriad of other factors. It focuses on how to seamlessly integrate systems satisfy the customer's requirements and deliver within the budget and on time. The guide is essentially a shopping list of all the activities that could be conducted with tailoring guidelines to meet the needs of each project.

The Practice and Theory of Project Management Richard Newton, 2019-11-05 Managing projects a prominent feature of working life inevitably involves change at some level. Even though successful project management depends on organisational change textbooks often fail to recognise this symbiotic nature. This book offers students a practical understanding of the strategic

and organisational role of projects Multidisciplinary Project Management for Organizational Success Umesh Kumar Bhayyalal Dubey, D. P.
