talents as a writer and importance in the historical development of literary science fiction The wind had failed a deep calm had succeeded and everywhere as far as the eye could reach the water was smooth and glassy The yacht rose and fell at the impulse of the long ocean undulations and the creaking of the spars sounded out a lazy accompaniment to the motion of the vessel Sailing in their yacht a crew spots a copper cylinder afloat on the sunbeaten sea Hauling it aboard they open it to reveal a manuscript sealed from the elements containing the story of Adam More Shipwrecked while returning to Britain from Tasmania the sailor found himself stranded on a strange desert island near Antarctica Soon he stumbles upon a lost world of prehistoric plants and animals a land of indescribable beauty and wonder In the harsh volcanic landscape he discovers a race of humans whose values are entirely foreign to his Western frame of mind With a beautifully designed cover and professionally typeset manuscript this edition of James De Mille s **A Strange Manuscript Found in a Copper Cylinder** is a classic work of American science fiction reimagined for modern readers

A Strange Manuscript Found in a Copper Cylinder James De Mille, 2017-05-01T22:46:41Z A Strange Manuscript Found in a Copper Cylinder is perhaps James De Mille s most popular book sadly De Mille didn t get to see this novel grow in popularity as it was first serialized posthumously in Harper s Weekly De Mille had written the novel before the lost world genre had become saturated meaning many of the ideas were fresh and original for the time in which it was written But since he didn t succeed in publishing it during his lifetime by the time the novel was made public other authors like H Rider Haggard had made the ideas and plot clich d The novel itself tells the tale of a shipwrecked sailor Adam More who passes through a mysterious underground passage into a hidden land deep in the Antarctic kept warm by a hidden volcano The land is populated by an ancient civilization whose views on life and wealth are the polar opposite of those held in British society of the time they view death and poverty as the highest religious and social achievements As More adventures through the strange land he encounters fantastic dinosaurs lovelorn princesses and the classic kind of adventure that foreshadows the pulp novels of the next century This book is part of the Standard Ebooks project which produces free public domain ebooks
