

## Paragraph Analysis: **UNITY AND COHERENCE**

An effective paragraph should contain each of the following:

1. **A Topic Sentence**
2. **Unity**
3. **Coherence**
4. **Adequate Development**

### **A topic sentence**

A topic sentence indicates in a general way what idea or thesis the paragraph is going to deal with. An easy way to make sure your reader understands the topic of the paragraph is to put your topic sentence near the beginning of the paragraph.

### **Unity**

All sentences in the paragraph should have a single focus (should support the topic sentence).

### **Coherence**

Coherence makes the paragraph easily understandable to a reader. You can help create coherence in your paragraphs by connecting one sentence to another using:

1. Parallel constructions
2. Pronouns
3. Synonyms
4. Repetition of key words
5. Transitional words
6. Systematic sentence organization (see adequate development): from general to specific, from specific to general, order of importance, chronological order, space order, steps, cause – effect, comparison and contrasts.

### **Adequate development**
