Leading Issues in E-learning Research For Researchers, Teachers and Students Melanie Ciussi, Erik Gebers Freitas, 2012 There are two important facts which need to be remembered about e Learning The first is that there has seldom been a subject more fashionable and the second is that there has seldom been a subject which is more open to misunderstanding It is obvious to nearly everyone that education throughout the world is under pressure to change Education is expensive or even education is extremely expensive As the world transforms from highly individualist economies into economies that want to be regarded as global players so the demand for education soars As the demand grows so does the cost of delivery Now we talk about mass education which scares some of the older members of the education establishment There are few people today who would oppose the view

that e learning has to become an integral part of the education of the future And indeed when e Learning is correctly employed it can be highly effective and cost efficient Back cover **Instant Google Map Maker Starter** Limoke Oscar,2013-03-18 Get to grips with a new technology understand what it is and what it can do for you and then get to work with the most important features and tasks This is a practical example rich Starter which helps you with the skills needed to learn Google Map Maker This book is intended for those who would like to understand how Google maps are created and are interested in creating their own maps in Google Map Maker No special skills or system requirements are necessary You will very quickly understand how the Google Map Maker platform and community work and have your own map edits by the end of your read You will also find useful communities and social media personalities to follow **Educational Screen and Audiovisual Guide** ,1924 **A Junior Class History of the United States ...
