Applied Cross-Cultural Data Analysis for Social Work Thanh V. Tran, Keith T. Chan, 2021 Applied Cross Cultural Data Analysis for Social Work offers practical guides for data analysis in cross cultural research It shows how social workers can employ commonly used statistical approaches to make meaningful comparisons in health mental health social and psychological phenomena across cultural groups The book can also be used as a textbook for advanced research course in social work and allied fields and would benefit graduate students faculty and researchers

Domination and Subjugation in Everyday Life Lonnie Athens, 2015-10-26 Reputable scholars have long charged that symbolic interactionism which is based on the principle of sociality discounts the importance that subordination plays in human groups Emphasizing dominance and power Athens explains how subordination operates in human group life from a new interactionist s perspective aptly dubbed by him radical interactionism Expanding on the work of sociologist Robert E Park Athens explains the nature and operation of super ordination and subordination which he believes affects all social interaction between human beings and groups He then develops a generic framework and a common terminology to help explain all forms of social conflicts Athens argues that a radical interactionism disentangles the nature of domination power and force as well as the relationship among them in a manner consistent with the basic premises of the Chicago school of pragmatism This book offers a provocative and intelligent outline of the development and evolution of radical interactionism a perspective interactionists can add to their toolbox with profit
