Porter,2011 All the hard questions about human action are about what to include in a story what can be left out and how to characterize what gets included A narrative selects from all the world s motions which ones are part of or relevant to an act and so narratives give us what narratives have already shaped the relation is circular Many narratives can be told of an act not all consistent Some features of human action events off stage determine what s happening on stage many actions pass through motions in view an act can be changed after the fact action presupposes language what an act is can be highly ambiguous we judge acts and narratives because we have a stake in them **The Passion of Charles Moore** Jeff Hood,2019-05-24 Everything was quiet Small towns are known to move a little slower Grand Saline Texas was no different In the midst of such a pace United Methodist pastor Rev Charles Moore got out of his car at Dollar General doused his body with gasoline and torched himself In time it became apparent that Charles died due to a deep concern about issues of social justice The notes are very explicit In the midst of great evil Charles knew that resurrection is not possible without death The hope of resurrection pushed him on How far will we let such hope push us The world is on fire and Charles stands ready to
