## Goodreads Choice Review:

Online Searching Karen Markey, 2023-02-07 Online Searching prepares students in library and information science programs to assist information seekers at all levels from university faculty to elementary school students Included in the third edition are interviews with librarians and other information professionals whose words of wisdom broaden graduate students perspectives regarding online searching in a variety of work settings serving different kinds of information seekers The book's chapters are organized according to the steps in the search process 1 Conducting a reference interview to determine what the seeker wants 2 Identifying sources that are likely to produce relevant information for the seeker's query 3 Determining whether the user seeks a known item or information about a subject 4 Dividing the query into main ideas and combining them logically 5 Representing the query as input to the search system 6 Conducting the search and responding strategically 7 Displaying retrievals assessing them and responding tactically A new chapter on web search engines builds on students existing experience with keyword searching and relevance ranking by introducing them to more sophisticated techniques to use in the search box and on the results page A completely revised chapter on assessing research impact discusses the widespread use of author and article iMetrics a trend that has developed rapidly since the publication of the second edition More than 100 figures and tables provide readers with visualizations of concepts and examples of real searches and actual results Textboxes offer additional topical details and professional insights New videos supplement the text by delving more deeply into topics such as database types information organization specialized search techniques results filtering and the role of browsing in the information seeking process An updated glossary makes it easy to find definitions of terms used throughout the book With new and updated material this edition of Online Searching gives students knowledge and skills for success when intermediating between information seekers and the sources they need *Pedagogical Opportunities of the Review Genre* Maarit Jaakkola, 2024-06-28 *Pedagogical Opportunities of the Review Genre* unleashes the pedagogical potential of the review genre reframing the act of reviewing of cultural products as a communicative practice from a pedagogical perspective Negotiating between traditions of journalism and media studies and pedagogy the author presents a novel approach that will increase the readers understanding of an activity that is on the increase in an era where everyone can be a critic She identifies describes and develops genre based pedagogies in formal non formal and informal contexts of learning and teaching in order to recontextualize the review as a form of learning and rethink of its potential as an inclusive engaging and a transformative critical cultural practice This innovative and truly interdisciplinary study will interest students and researchers in the areas of media literacy digital media media and communication studies cultural studies sociology of arts and pedagogical studies in particular cultural journalism and criticism audience studies cultural production and cultural mediation as well as critical media pedagogy and literacy studies **The Anthropocene Reviewed** John Green, 2023-03-21 Masterful *The Anthropocene Reviewed* is a beautiful timely book about the human condition and a timeless reminder to pay

attention to your attention Adam Grant 1 bestselling author of Think Again and host of the podcast Re Thinking The instant 1 bestseller from John Green author of The Fault in Our Stars and Turtles All the Way Down is now available in paperback with two brand new essays Gloriously personal and life affirming The perfect book for right now People Essential to the human conversation Library Journal starred review The Anthropocene is the current geologic age in which humans have profoundly reshaped the planet and its biodiversity In this remarkable symphony of essays bestselling author John Green reviews different facets of the human centered planet on a five star scale from the QWERTY keyboard and sunsets to Canada geese and Penguins of Madagascar Funny complex and rich with detail the reviews chart the contradictions of contemporary humanity John Green s gift for storytelling shines throughout this masterful collection The Anthropocene Reviewed is an open hearted exploration of the paths we forge and an unironic celebration of falling in love with the world

**Influence and Behavior Analysis in Social Networks and Social Media** Mehmet Kaya,Reda Alhadj,2018-12-11 This timely book focuses on influence and behavior analysis in the broader context of social network applications and social media Twitter accounts of telecommunications companies are analyzed Rumor sources in finite graphs with boundary effects by message passing algorithms are identified The coherent state of the art collection of chapters was initially selected based on solid reviews from the IEEE ACM International Conference on Advances in Social Networks Analysis and Mining ASONAM 17 Chapters were then improved and extended substantially and the final versions were rigorously reviewed and revised to meet the series standards Original chapters coming from outside of the meeting round out the coverage The result will appeal to researchers and students working in social network and social media analysis

Social Justice, The Common Core, and Closing the Instructional Gap Janet C. Richards,Kristien Zenkov,2015-10-21 This book critiques the Common Core State Standards CCSS and their development implementation and evaluation It offers a social justice perspective on CCSS with practical examples of curricula that empower diverse learners Chapters include first person accounts of integrating social justice with CCSS

*White Feminism* Koa Beck,2021-01-05 Written with passion and insight about the knotted history of racism within women s movements and feminist culture Rebecca Traister New York Times bestselling author this whip smart timely and impassioned call for change is perfect for fans of Good and Mad and Hood Feminism Addressing today s conversation about race empowerment and inclusion in America Koa Beck writer and former editor in chief of Jezebel boldly examines the history of feminism from the true mission of the suffragists to the rise of corporate feminism with clear eyed scrutiny and meticulous detail She also examines overlooked communities including Native American Muslim transgender and more and their ongoing struggles for social change With intellectually smart and emotionally intelligent Patrisse Cullors New York Times bestselling author and Black Lives Matter cofounder writing Beck meticulously documents how elitism and racial prejudice have driven the narrative of feminist discourse Blending pop culture primary historical research and first hand storytelling she shows us how we have shut women out of the movement and what we can do to correct our course for a
