Sustainable Innovation Cultures Henning Breuer, Kiril Ivanov, 2025-12-22 There is a saying that it takes a village to raise a child Similarly it takes a whole culture to achieve sustainable innovation in a repeatable and reliable manner So how can companies and nonprofit organizations turn sustainability strategies into real world practice How can they innovate to gain a competitive edge while contributing to sustainable and regenerative development And where should you as an innovation sustainability or human resource manager begin In this first comprehensive work on sustainable innovation cultures the authors show how organizational culture translates sustainability related values into environmentally socially and economically valuable outcomes By aligning sustainability literacy with appropriate practices and mediating artefacts including those of artificial intelligence virtuous circles of targeted output valuable outcomes and desired impacts can be created Three stages of activity are crucial if an organization is to grow a sustainable innovation culture namely conceiving co creating and cultivating First understand and specify the organization s values tensions and values action gaps then co create targeted interventions and finally cultivate sustainable innovation practices and methods This framework and its practices and methods are based on a comprehensive literature review expert interviews and ethnographic field studies in transformational companies across Europe with a global presence Case studies and examples illustrate each of the 32 practices and 36 methods described in the book The companion site offers extensive training educational media and materials such as card sets videos podcasts and slide decks for practitioners and educators Academic syllabi as well as certified educational materials and university modules are available on an open access basis

Steve Jobs Walter Isaacson, 2011 Based on more than 40 interviews with Jobs conducted over two years as well as interviews with more than 100 family members friends adversaries competitors and colleagues Isaacson has written a riveting story of the roller coaster life and searingly intense personality of a creative entrepreneur whose passion for perfection and ferocious drive revolutionized six industries personal computers animated movies music phones tablet computing and digital publishing
