Business 2.0 ,2006 **Business Week** ,2007 **Video Production** James C. Foust,Lynne S. Gross,Thomas D. Burrows,2004-06 This text introduces students to the operations underlying multiple camera video production It covers the basics of television production with an emphasis on studio production With a primary focus on equipment and techniques used by students this book also covers more advanced equipment and

professional techniques This book adds information about preparing video material for the Web and for DVDs updates on HDTV further detail on graphics construction expanded coverage of non linear editing and more Back cover Faith and Spirituality in Masters of World Cinema Kenneth Robert Morefield,2008 Faith and Spirituality in Masters of World Cinema is a fascinating introduction to spiritual aspects in the works of some of the greatest filmmakers in the world like Bergman Dreyer and Tarkovsky Avant Garde director Pedro Costa and Hollywood s golden boy Guillermo del Toro It covers directors from around the world and shows diverse manifestations of spirituality in film everything from how camera movements can imply spirituality to specific religions like Islam and Christianity Faith and Spirituality in Masters of World Cinema is a welcome addition to a growing library on religion and film Thorkell Ottarson The essayists in Faith and Spirituality in Masters of World Cinema offer provocative studies of the often uneasy relationship that exists between religion and film faith and reason They never shy away from their critical burden challenging readers to delve deeply and think more forcefully about the ethics and values that shape our culture and our lives Faith and Spirituality in Masters of World Cinema dares us to reconsider what it means to be whole and holy across the great history of film It is a spiritual and critical journey of the highest magnitude Dr Kenneth Womack Chair of the English Department Penn State University at Altoona Not many works of art would withstand the rigorous examination of the kind in this collection but Kenneth Morefield and his contributors have chosen well They ve chosen filmmakers whose work not only withstands but seems to grow under the bright light of careful consideration I m not familiar with all of them which makes the collection a useful map to the currents that run below their surfaces but I also found new ways to appreciate Pedro Costa and the Dardenne brothers whose films I ve admired even loved but never thought about in quite this way Reading the essays together I discovered that this group of filmmakers while distinct in their beliefs approaches and aesthetics are all striving to reawaken our senses and by capturing something concrete they re looking for something invisible That they ve found so many ways to do this from Del Toro s physically rooted fantasy to Costa s material world proves that cinema may not be dead just yet even with the twentieth century in the rear view mirror Rob Davis chief film critic of Paste Magazine co founder of Daily Plastic www.dailyplastic.com **Information Technology for Management** Efraim Turban,Carol Pollard,Gregory Wood,2021-04-06 Information Technology for Management 12 Edition provides students with a comprehensive understanding of the latest technological developments in IT and the critical drivers of business performance growth and sustainability Integrating feedback from IT managers and practitioners from top level organizations worldwide the newest edition of this well regarded textbook features thoroughly revised content throughout to present students with a realistic up to date view of IT management in the current business environment The text offers a flexible student friendly presentation of the material through a pedagogy that is designed to help students with different learning styles easily comprehend and retain information This blended learning approach combines visual textual and interactive content featuring numerous real world case studies of how businesses use IT to

increase efficiency and productivity strengthen collaboration and communication and maximize their competitive advantage Students learn how IT is leveraged to reshape enterprises engage and retain customers optimize systems and processes manage business relationships and projects and more
