Sibanda, Gideon (Deon) P. van Tonder, Washington T. Dudu, 2023-03-01 This book critically examines the role of governments in promoting parity during and in post pandemic education This comes from the realisation that the pandemic has deepened the crisis by depleting the meagre resources that African countries might have devoted to normative educational practices where those on the margins would have been pushed further behind while the privileged would have been further initiated into the cultural and capital flows of private schools and historically research intensive institutions of higher learning This has far reaching implications for the education of underprivileged citizens and education particularly modes and modalities of delivery has to be reimagined to subvert the challenges wrought by the pandemic This book significantly bridges the gap between the pre and post COVID 19 pandemic pedagogical practices and the erstwhile modalities that have been resilient over time The book focuses on ways to stave off pedagogical challenges that face countries as the global pandemic makes its mark *Scott Foresman Science*, 2008 **Journal of International Students, 2018 Vol. 8 (4)** Krishna Bista, Chris Glass, The Journal of International Students JIS an academic interdisciplinary and peer reviewed publication Print ISSN 2162 3104 Online ISSN 2166 3750 publishes scholarly peer reviewed articles on international students in tertiary education secondary education and other educational settings that make significant contributions to research policy and practice in the internationalization of higher education **Co-champions for Diversity in Engineering** Dr. Mary R.
