*Hard Lessons from the Hurt Business* Ed Latimore, 2025-08-05 We've all got a choice. We can get better at fighting or worse at life. Every day we absorb body blows, some glancing, others that knock us to the mat. It doesn't matter how well prepared or tough you think you are. Everyone at some point is hit with a haymaker from life. It's the cost of living. And just like in the ring, opting out of pain is not an option. In *Hard Lessons From The Hurt Business*, former heavyweight boxer Ed Latimore takes readers on a journey from his hardscrabble childhood in Pittsburgh's public housing projects to his signing with Jay-Z's Roc-A-Fella Sport. With honesty and humor, Ed shares how the discipline of boxing served as his rite of passage into manhood and gave him the tools he needed to overcome his childhood trauma and the demons of alcoholism. Ed's story is one of learning the hard lessons of maturity in perhaps the harshest way possible from the hurt business. It's a story about finding self-mastery in the face of uncertainty, discovering the power of forgiveness, and embracing pain and adversity to design a life of purpose. Like Ed says, "How we absorb life's blows and rally through bruised and bloodied rounds shows who we are at our core. We sacrifice, weep, heal, and carry on. In hardship, we transcend." *Artist Management for the Music Business* Paul Allen, 2022-03-20 Anyone managing an artist's career needs to be well-versed and have a savvy understanding of the moving parts of the music business. Learn how and why those moving parts move, as well as how to manage and navigate a music-based career. *Artist Management for the Music Business* gives a comprehensive view of how to generate income through music and how to strategically plan for future growth. The book is full of valuable practical insights. It includes interviews and case studies with examples of real-world management issues and outcomes. Updates to this new edition include a new chapter for independent self-managing artists, expanded and updated sections on networking, social media, and streaming, and a basic introduction to data analytics for the music business. This book gives access to resources about artist management and the music business at its companion website [www.artistmanagementonline.com](http://www.artistmanagementonline.com). **Country Life**, 1907 [Criminal Submission](#) Crimson Rose, No sooner had Brooke broken into a secluded brick home with her husband Marcus, then they both knew they had picked the wrong house. Heavy-duty security shutters slammed down over every window and door; they found themselves trapped and at the mercy of the home's owner, Robin, a self-made multimillionaire on vacation halfway around the world at the time. Her voice coming over an internal intercom, she gave the intruders an option: Get arrested for breaking and entering, or spend five weeks being trained in all things submissive. Not about to submit to anyone, Marcus opted to take his chances in court. Brooke, a natural people-pleaser, on the other hand, opted to stay. If not to stay out of prison, then to please the woman willing to give her a chance no one else ever would.
