Krystina Madej

Ipad World Series Ideas:

The Andy Cohen Diaries Andy Cohen,2014-11-11 The New York Times bestselling look at the whirlwind life of the beloved pop icon Andy Cohen in his own cheeky candid and irreverent words

Representation of Disability in Children's Video Games Krystina Madej,2024-01-10 Representation of Disability in Children's Video Games looks at how children's engagement with characters and stories in video games helps create the perception of disability they have as teens and adults Drawing on child development theory supported by neuroscience the book shows how the scaffold of information the schema adults have of disability is first created at a very young age as they interact through play with characters with disabilities in narrative video games Positing that early video game play experiences should provide exposure to narrative schemas that add understanding and help create meaning about the disability represented the book presents how such representation in children's video games maps against cognitive development and the psychomotor and cognitive needs and abilities of children 3-12 Through close readings of over 40 PEGI 3 and PEGI 7 ESRB E 10 games and analysis of games as diverse as Backyard Baseball and Sly Cooper the author defines broad categories of representation representation as cosmetic providing exposure but not game play utility as incidental used as a device that provides purpose for the narrative or as more authentically representing the disability as integral to the character and their life The book provides readers with an overview of contemporary games that betters their understanding of how children's games present disability and how children create their perceptions through interaction with characters and stories This book will be of interest to academics and students of game studies in topics such as behavioural science ethics and HCI as well as in sociology communications and digital media It is pertinent in particular to game developers and to educators disability advocates parents and policy makers

Consuming Race Ben Pitcher,2014-04-09 From the rise of Nordic noir to a taste for street food from practices of natural gardening to the aesthetics of children's TV contemporary culture is saturated with racial meanings By consuming race we make sense of other groups and cultures communicate our own identities express our needs and desires and discover new ways of thinking and being This book explores how the meanings of race are made and remade in acts of creative consumption Ranging across the terrain of popular culture and finding race in some unusual and unexpected places it offers fresh and innovative ways of thinking about the centrality of race to our lives Consuming Race provides an accessible and highly readable overview of the latest research and a detailed reading of a diverse range of objects sites and practices It gives students of sociology media and cultural studies the opportunity to make connections between academic debates and their own everyday practices of consumption

Uprising: How to Build a Brand--and Change the World--By Sparking Cultural Movements Scott Goodson,2012-01-27 The secret to movement marketing Your customers want to make a difference Scott Goodson and his StrawberryFrog colleagues have found the secret to plugging into Purpose with a capital P find out what moves people to action then create a way to support and enhance that movement with your product service or craft I

call that a winning strategy Daniel H Pink author of Drive and A Whole New Mind Want to change your customers buying habits Want to change the world Stop marketing read this book roll up your sleeves and start a movement Sally Hogshead author of Fascinate and creator of HowToFascinate.com Essential stuff One of the smartest thinkers on branding on one of the most important developments in that critical intersection between culture and marketing Adam Morgan author of Eating the Big Fish and The Pirate Inside A well researched and insightful book that will hopefully spark a movement against traditional stodgy marketing A must read for the new generation of marketers who will be defining tomorrow's marketing landscape Boutros Boutros Senior Vice President Emirates Airline About the Book Movement marketing is changing the world It's the new way forward for anyone trying to win customers loyalty influence public opinion and even change the world In Uprising Scott Goodson founder and CEO of StrawberryFrog the world's first cultural movement agency shows how your idea or organization can successfully ride this wave of cultural movements to authentically connect to the lives and passions of people everywhere We are in the midst of a profound cultural transformation in which technology is making it easier than ever for anyone to share ideas goals and interests Working with companies and brands ranging from SmartCar to Pampers to Jim Beam to India's Mahindra Group StrawberryFrog and Goodson have led a paradigm focal shift away from one on one selling to sharing Using client case studies and contributions from a global team of movement marketing forerunners among them political guru Mark McKinnon Lee Clow creative chief at TBWA Chiat Day Apple evangelist Guy Kawasaki and Marty Cooke who helped make yellow LIVESTRONG bracelets synonymous with the fight against cancer Goodson details why and how individuals and companies are embracing the movement phenomenon He then applies these insights to practical steps that you can take right now to reach people through what matters most to them including Stop talking about yourself let the movement control your message Home in on the core objectives of your concept or brand and align these values with what people are for or against Light the spark create a culture within your organization that can embrace and drive a movement Leverage your assets content events expertise connecting platforms to give people tools to spread your gospel Adjust concepts to travel across borders and link people across cultural boundaries The examples and guidance in this book will prepare you to find connect to and even lead the next big movement What happens next is up to you Get up Go out And create a brand Uprising of your own

Popular Science Monthly and World Advance, 1928 Spatial Reasoning in the Early Years Brent Davis, Spatial Reasoning Study Group, 2015-04-17 Over the past several years spatial reasoning has gained renewed prominence among mathematics educators as spatial skills are proving to be not just essential to mathematical understanding but also strong predictors of future success beyond the classroom in fields such as science technology and engineering By exploring both primary and emergent dimensions Spatial Reasoning in the Early Years helps define the concept of spatial reasoning and provides compelling evidence of the need for a clear focus within early education specifically The authors review the research look across current theories and investigate implications for contemporary

school mathematics pedagogy as they identify areas of inquiry necessary to bring a stronger spatial reasoning emphasis into the classroom The book contains many classroom or workshop based vignettes highlighting the complexity of spatial reasoning in educational practice providing an in depth analysis of spatial reasoning as it applies to classroom practice and offering new ways of framing lessons to help young students hone their spatial reasoning abilities The book concludes with a forward looking agenda that contributes to developing a greater understanding of the role spatial reasoning plays in educational contexts and beyond Supported by plentiful visual representations Spatial Reasoning in the Early Years skillfully integrates the conceptual and the concrete making this text a dynamic and accessible resource The Literary World ,1889

Haunted Empire Yukari Iwatani Kane,2014-03-18 Former Wall Street Journal technology reporter Yukari Iwatani Kane delves deep inside Apple in the two years since Steve Jobs s death revealing the tensions and challenges CEO Tim Cook and his team face as they try to sustain Jobs s vision and keep the company moving forward Steve Jobs s death raised one of the most pressing questions in the tech and business worlds Could Apple stay great without its iconic leader Many inside the company were eager to prove that Apple could be just as innovative as it had been under Jobs Others were painfully aware of the immense challenge ahead As its business has become more complex and global Apple has come under intense scrutiny much of it critical Maintaining market leadership has become crucial as it tries to conquer new frontiers and satisfy the public s insatiable appetite for insanely great products Based on over two hundred interviews with current and former executives business partners Apple watchers and others *Haunted Empire* is an illuminating portrait of Apple today that offers clues to its future With nuanced insights and colorful details that only a seasoned journalist could glean Kane goes beyond the myths and headlines She explores Tim Cook s leadership and its impact on Jobs s loyal lieutenants new product development and Apple s relationships with Wall Street the government tech rivals suppliers the media and consumers Hard hitting yet fair *Haunted Empire* reveals the perils and opportunities an iconic company faces when it loses its visionary leader

Information Bulletin ,2014 **Against Empathy** Paul Bloom,2016-12-06 Like a tough to crack case against an idea that most of us have long known is key to repairing the world will legitimately change how you think about the world and your own sense of morality New York Magazine New York Post Best Book of the Year We often think of our capacity to experience the suffering of others as the ultimate source of goodness Many of our wisest policy makers activists scientists and philosophers agree that the only problem with empathy is that we don t have enough of it Nothing could be farther from the truth argues Yale researcher Paul Bloom In AGAINST EMPATHY Bloom reveals empathy to be one of the leading motivators of inequality and immorality in society Far from helping us to improve the lives of others empathy is a capricious and irrational emotion that appeals to our narrow prejudices It muddles our judgment and ironically often leads to cruelty We are at our best when we are smart enough not to rely on it but to draw instead upon a more distanced compassion Basing his argument on groundbreaking scientific findings Bloom makes the case that some of the worst decisions made by individuals

and nations who to give money to when to go to war how to respond to climate change and who to imprison are too often motivated by honest yet misplaced emotions With precision and wit he demonstrates how empathy distorts our judgment in every aspect of our lives from philanthropy and charity to the justice system from medical care and education to parenting and marriage Without empathy Bloom insists our decisions would be clearer fairer and yes ultimately more moral Brilliantly argued urgent and humane AGAINST EMPATHY shows us that when it comes to both major policy decisions and the choices we make in our everyday lives limiting our impulse toward empathy is often the most compassionate choice we can make

The Herald ,2012 Rural New Yorker ,1900 Library of Congress Magazine ,2012 **International Dictionary of the English language** Noah Webster,1891 Scientific American ,1889 **Material Innovation Product Design** Andrew Dent,Leslie Sherr,Material ConneXion (Firm),2014-06-17 Focuses on Product Design This book features carefully selected products that showcase the use of a particular material It includes six specially commissioned visual narratives by experts in the field and an extensive illustrated materials directory with detailed information on almost 100 materials
