

Building Your Award-Winning Parade Float

North Carolina's Annual Pride Parade and Festival
www.ncpride.org

Building a float for the NC Pride Parade wasn't as hard as you might think – the hardest part was coming up with a theme. Remember to be creative because you might walk or “float” away with a prize. But the best part is the satisfaction of seeing your creation go down the street.

Last year we chose the Pride Logo as a theme. However, on trips to other pride parades, we noticed some of the most interesting floats were totally free of the parade's theme and concentrated on just an idea.

Pride Parade Rules define a float as, “any motorized or manually powered entry which has been constructed in such a manner that the individual components create a unified whole,” so there is a lot of room to come up with creative interpretations. These are just some suggestions:

1. Some very interesting things can be done with a grocery store cart.
2. One of the easiest floats can be constructed around an electric golf cart.
3. We built our float on top of a car.
4. And of course, a flat bed trailer is always a standard.
