The course brings together advice and best practices from successful practitioners and institutions around the world from Latin America to Africa to Asia and the Arab States. Includes 2 CD ROMs.

The Microfinance Revolution Marguerite Robinson, 2001-06-01. Around the world a revolution is occurring in finance for low income people. The microfinance revolution is delivering financial services to the economically active poor on a large scale through competing financially self-sufficient institutions. In a few countries this has already happened; in others it is under way. The emerging microfinance industry has profound implications for social and economic development. For the first time in history capital is well on its way to being democratized. The *Microfinance Revolution* in three volumes is aimed at a diverse readership: economists, bankers, policymakers, donors, and social scientists; microfinance practitioners and specialists in local finance and rural and urban development; and members of the general public interested in development. This first volume, *Sustainable Finance for the Poor*, focuses on the shift from government and donor-subsidized credit systems to self-sufficient microfinance institutions providing voluntary savings and credit services.

Globalization and Development Volume III Shigeru Thomas Otsubo, 2015-10-05. *Globalization and Development* is a cross-national study on the interstate dispersion of the impacts on growth, inequality, and poverty that international economic integration provides to the economies of the developing countries. In order to present the Leading Issues in Development with Globalization in a balanced manner to identify differences and commonalities among Country Experiences in development with globalization and to introduce diversified development paradigms with forward-looking discussions, *In Search of a New Development Paradigm for the post MDGs era* this publication consists of three volumes and four main parts. Volume III, Part IV presents the diversified development paradigms such as the GNH (Bhutan), the sufficiency economy (Thailand), the reform and opening up paradigm (China), the African and Latin American paradigms, and the Islamic development paradigm. The Concluding Chapter presents the evolution of development paradigms in the global development cooperation community after World War II and then offers a glimpse into new development paradigms for the post-MDG era. This book intends to serve as a unique and comprehensive guide for those in the international development community on the subjects of diversified development paradigms, paths under globalization, and other challenges in the post-MDG era.

Performance Management in Nonprofit Organizations Zahirul Hoque, Lee Parker, 2014-10-10. With increased competition for external funding, technological advancement, and public expectations for transparency, not-for-profit and non-governmental organizations are facing new challenges and pressures. While research has explored the roles of accounting, accountability, and performance management in nonprofit organizations, we still lack evidence on the best practices these organizations implement in the areas of accountability and performance management. This book collects and presents that evidence for the first time, offering insights to help nonprofits face these

new challenges head on Performance Management in Nonprofit Organizations focuses on both conventional and contemporary issues facing nonprofits presenting evidence based insights from leading scholars in the field Chapters examine the design implementation and working of accounting accountability governance and performance management measures providing both retrospective and contemporary views as well as critical commentaries on accounting and performance related issues in nonprofit organizations The book s contributors also offer critical commentaries on the changing role of accounting and performance management in this sector This research based collection is an interesting and useful read for academics practitioners students and consultants in nonprofit organizations and is highly accessible to accounting and non accounting audiences alike
