developments of our time demystifying the complex strategies the U S government uses to harness the power of Wall Street Silicon Valley and Big Oil against America s enemies At the center of the narrative is an eclectic group of policy innovators the diplomats lawyers and financial whizzes who ve masterminded America s escalating economic wars against Russia China and Iran Economic warfare has become the primary way the United States confronts international crises and counters rivals Sometimes it has achieved spectacular success other times bitter failure The result we live with today is a new world order an economic arms race among great powers and a fracturing global economy Chokeyoints is the definitive account of how America pioneered this new hard hitting style of economic war and how it s changing the world **Broadcasting & Cable**
