Why Do They Make Things so Complicated? Lisa Monika Anna Mützel,2017-05-05 In the past 50 years consumers buying situations have not become easier Consumers remain easily overwrought by complex buying situations that involve buying complex products or services such as laptops or insurances In such situations consumers find it difficult to make a decision and must spend high levels of cognitive effort on it Prior consumer research has addressed the complexity of buying situations in several research streams such as in choice complexity or product complexity literature However previous researchers have not reached consensus on what constitutes the complexity of a buying situation Furthermore they have mostly concentrated on cognitive constructs and emotional constructs have been rather unexplored To close these research gaps this dissertation provides an in depth conceptualization of complex buying situations by developing a comprehensive reference framework Furthermore this dissertation differs from prior research by examining in detail negative emotional responses to complexity NERCO A reliable and valid NERCO scale is developed that consists of two factors emotional resignation and fear of post purchase dissonance An experiment investigates the influence of two input variables of the reference framework 1 the number of alternatives in the consumer s price class and 2 the perceived expertise of the salesperson who provides a recommendation in a buying situation on perceived choice complexity and on NERCO This dissertation paves the way for numerous directions for future research on the complexity of buying situations by providing theoretical fundamentals in the form of a detailed conceptualization and by precisely defining the research gaps

Nonfiction Writing Power Adrienne Gear,2014-02-17 Writing nonfiction is a key skill that students will need throughout their school lives and beyond This remarkable book is designed to help teachers develop a writing program that will enable their students to harness all of their Nonfiction Writing Powers to Describe to Instruct to Compare to Persuade to Explain and to Report It illustrates ways to encourage students to write because they have something to say and to recognize that writing well means considering intent and purpose and choosing the best form of expression Ideal for teaching writing in the content areas the book includes guidance on linking writing forms to Science Social Studies and other subject areas

Collision Documentation Christopher D Armstrong,2018-11-02 The last ten years have seen explosive growth in the technology available to the collision analyst

changing the way reconstruction is practiced in fundamental ways The greatest technological advances for the crash reconstruction community have come in the realms of photogrammetry and digital media analysis The widespread use of scanning technology has facilitated the implementation of powerful new tools to digitize forensic data create 3D models and visualize and analyze crash vehicles and environments The introduction of unmanned aerial systems and standardization of crash data recorders to the crash reconstruction community have enhanced the ability of a crash analyst to visualize and model the components of a crash reconstruction Because of the technological changes occurring in the industry many SAE papers have been written to address the validation and use of new tools for collision reconstruction Collision Reconstruction Methodologies Volumes 1 12 bring together seminal SAE technical papers surrounding advancements in the crash reconstruction field Topics featured in the series include Night Vision Study and Photogrammetry Vehicle Event Data Recorders Motorcycle Heavy Vehicle Bicycle and Pedestrian Accident Reconstruction The goal is to provide the latest technologies and methodologies being introduced into collision reconstruction appealing to crash analysts consultants and safety engineers alike Click here to purchase the entire set at a discount
