The Authenticity Industries Michael Serazio, 2023-11-07 In recent decades, authenticity has become an American obsession. It animates thirty years' worth of reality TV programming and fuels the explosive virality of one hot social media app after another. It characterizes Donald Trump's willful disregard for political correctness and proofreading and inspires multinational corporations to stake activist claims in ways that few woke brands ever dared before. It buttresses a multibillion-dollar influencer industry of everyday folks shilling their friends with sponcon and burnishes the street cred of rock stars and rappers alike. But ironically, authenticity is not actually real; it is as fabricated as it is ubiquitous. In *The Authenticity Industries*, journalist and scholar Michael Serazio combines eye-opening reporting and lively prose to take readers behind the scenes with those who make reality and the ways it tries to influence us. Drawing upon dozens of rare interviews with campaign consultants, advertising executives, tech company leadership, and entertainment industry gatekeepers, the book slyly investigates the professionals and practices that make people, products, and platforms seem authentic in today's media culture and politics. The result is a spotlight on the power of authenticity in today's media-saturated world and the strategies to satisfy this widespread yearning. In theory, authenticity might represent the central moral framework of our time, allaying anxieties about self and society, culture and commerce, and technology and humanity. It infects and informs our ideals of celebrity, aesthetics, privacy, nostalgia, and populism. And Serazio reveals how these pretenses are crafted backstage for audiences, consumers, and voters.

Writers and Liars Carol Goodman, 2025-07-15 In the latest thrilling suspense novel from Mary Higgins Clark Award-winning author Carol Goodman, a group of mystery authors gathers on a secluded Greek island for a writers' retreat, only to discover that their enigmatic host has been murdered and everyone present is a suspect. They'll kill for inspiration. Fifteen years ago, Maia Gold attended a prestigious and very exclusive writers' retreat hosted by billionaire Argos Alexander on the Greek island of Eris. It's where she wrote her first book, the one that should have launched a brilliant career. But something dark happened on that island, a betrayal that has hung over Maia ever since. Now Maia finds a familiar envelope in the mail. It's an invitation to return to Eris, and according to social media, she's not the only one from that first retreat who's been invited back. This could be the second chance Maia needs to jumpstart her dreams. A chance for reconciliation or revenge. Almost all of the writers from fifteen years before have returned to Eris, bringing unresolved

resentments with them Soon the guests learn that their illustrious host is absent though he has left instructions for them to participate in a contest whoever can write the most suspenseful mystery while on the island will win a fortune and literary acclaim But this is no harmless game when the guests gather in the morning to share their first chapters they find Argos Alexander dead Tensions simmer as the guests try to determine who s capable of murder not just on the page but in real life On an island full of mystery writers anyone could be the killer and anyone could be the next victim Trapped together until the next boat arrives from the mainland they must sort out old grievances and figure out how to trust one another or die one by one **Western Dairy Journal** ,1946 **“A” New English Dictionary on Historical Principles** James Augustus Henry Murray,1926 *The Oxford English Dictionary* James Augustus Henry Murray, Henry Bradley,1975

The Impact of Viral TikTok Trends on Today's Supply Chains Toby Lazear,2022 The advent of social media has changed the way in which consumers shop drastically and in turn the way in which supply chains function TikTok due to its unique design has constructed an environment where products can become viral with much more ease than seen on any prior social platform As a result companies are met with viral videos promoting their products entirely unbeknownst to them and without preparation Supply chains must be agile to

continue to meet customer demand in times when products cannot stay on shelves long enough to be marketed This thesis serves to advise future companies with recommendations for best practices when it comes to viral products on TikTok As for the research component much of the information found in the literature review stems from outside sources The thesis then goes on to cover both case studies and interviews to analyze specific instances of TikTok viral products and the resulting impact on brands that have experienced such shockwaves Through the research conducted and conversations held conclusions were able to be drawn leading to exposing common pitfalls companies can fall into when dealing with viral products Trendspotting and social listening constantly are now more important than ever as brands must be able to recognize trends before the public does to change the narrative on their own behalf and prepare behind the scenes from a supply chain perspective Having open lines of communication both cross functionally and throughout the supply chain are crucial to ensure strong relationships and ease of flexibility in the event of disruptions Because of the ever changing and growing platform of the app it is inevitable that more companies will soon be experiencing the same cycle and it is better to know the best practices of preparation than be left playing catch up for years to follow
