**Financing Startups** Carlos Lassala, Samuel Ribeiro-Navarrete, 2022-03-17 There is no doubt that the proliferation of entrepreneurial activity is a current trend Start ups enable an effective transformation of knowledge generating high added value to society The objective of this book is to address the financing of the entrepreneurial process as a necessary element to articulate a solid business fabric based on taking advantage of new opportunities The book is structured in two parts The first part takes as a reference the lack of financing in the entrepreneurship process and analyses different sources of financing available to entrepreneurs depending on the phase in which the project is located The second part of the book analyses innovation and its links to the financing of start ups addressing the impact of emerging technologies and fintech services and the support of artificial intelligence Finally the book concludes with an examination of decentralized finance DeFi as an idea that is changing the financial world giving rise to new financial paradigms

*The Optimist* Keach Hagey, 2025-05-20 Excellent and deeply reported Tim Wu New York Times Book Review The first major biography of tech s newest titan this sets a high bar

for those to follow Publishers Weekly starred review An exemplary blend of biography financial technology reportage and futurology Kirkus starred review From an acclaimed Wall Street Journal reporter comes the first biography of the enigmatic leader of the AI revolution charting his ascent within the tech world as well as his ambitions for this powerful new technology On November 30 2022 OpenAI released ChatGPT a chatbot that captivated the world with its uncanny ability to hold humanlike conversations Not even a year later on November 17 2023 Sam Altman the CEO of OpenAI was summarily fired on a video call by the company s board The firing made headlines around the globe OpenAI is the leader in the race to build AGI artificial general intelligence or AI that can think like a human being and Altman is the most prominent figure in the field Yet it was mere days before Altman was back running the company he had co founded with most of the directors who voted to fire him themselves removed from the board The episode was a demonstration of how quickly the industry is moving and of Altman s power to bend reality to his will In *The Optimist* the Wall Street Journal reporter Keach Hagey presents the most detailed account yet of Altman s rise from his precocious childhood in St Louis to his first failed startup experience his time as legendary entrepreneur Paul Graham s protégé and successor as head of Y Combinator the start up accelerator where Altman became the premier power broker in Silicon Valley the founding of OpenAI and his recruitment of a small yet superior team and his struggle to keep his company at the cutting edge while fending off determined rivals including Elon Musk a former friend and now Altman s bitter opponent Hagey conducted more than 250 interviews with Altman s family friends teachers mentors co founders colleagues investors and portfolio companies in addition to spending hours with Altman himself The person who emerges in her portrait is a brilliant dealmaker with a love of risk who believes in technological progress with an almost religious conviction yet who sometimes moves too fast for the people around him With both the promise and peril of AI increasing by the day Hagey delivers a nuanced balanced revelatory account of the individual who is leading us into what he himself has called the intelligence age Altman is a figure out of Isaac Asimov or Neal Stephenson Or he is the author himself if it feels as though we have all collectively stepped into a science fiction short story it is Altman who is writing it

**Angel Investing** David S. Rose, 2014-04-28 Achieve annual returns of 25% or more with a well designed angel portfolio Written by David S Rose the founder of Gust the global platform that powers the world of organized professional angel investing *Angel Investing* is a comprehensive entertaining guide that walks readers through every step of the way to becoming a successful angel investor It is illustrated with stories from among the 90 companies in which David has invested during a 25 year career as one of the world s most active business angels and includes instructions on how to get started how to find and evaluate opportunities and how to pursue and structure investments to maximize your returns From building your reputation as a smart investor to negotiating fair deals adding value to your portfolio companies and helping them implement smart exit strategies David provides both the fundamental strategies and the specific tools you need to take full advantage of this rapidly growing asset class He details the advantages of joining an angel group explains how seed and venture funds can

help leverage an investor's resources and reveals how recent regulatory changes and new online platforms are making startup investing accessible to millions of Americans. Making money is no longer about sitting back and reading stock listings. David says it is now about being part owner of an exciting startup that can be fun and financially rewarding. Angel Investing teaches investors how to carefully select and manage investments, establish a long-term view, and approach angel investing as a serious part of an alternative asset portfolio while also enjoying being an integral part of an exciting new venture. **The Innovation Complex** Sharon Zukin, 2020 New York is rapidly changing in response to a new economy but startups, tech workers, and venture capital are not visible unless you know where to look for them in old industrial neighborhoods on the waterfront and at events like hackathons and meetups. In *The Innovation Complex* Sharon Zukin shows the people and places that shape the urban tech economy, making cities more successful for businesses yet in some ways less livable.

Jaime Rogozinski and Jordan Zazzara were not what anyone would mistake for traditional financial power players. But they turned WallStreetBets, a subreddit focused on risky financial trading, into one of the most disruptive forces to bubble up from the fringes of the internet. This crude and unassuming message board harnessed the power of memes and trolling to create a new kind of online community. The group intertwined with the distrust and turmoil of our times and spoke to a generation of young men who were struggling to find their place in the world. Deeply reported and fast-moving, *The Trolls of Wall Street* is the suspenseful story of the people who made and lost millions, battling with each other and with Wall Street for power and status. It is a sobering account of how millions of young Americans became obsessed with money and the markets, casting a long and lasting influence over finance, politics, and popular culture. *Liber feodorum: 1198-1242* Great Britain.
