Max Streaming Usa Returns:

Media Libraries in an Age of Unending Consumption Mike Van Esler, 2023-10-24 As the home video market upended traditional film industry models media libraries emerged as important sources of ancillary revenue The inflection point for media library exploitation came in 2007 when Netflix launched its streaming service relying on extensive licensing of film and television libraries to grow its subscriber base In this book Mike Van Esler examines how media libraries and business models have evolved since the home video era with particular emphasis placed on the streaming age of the past fifteen years Van Esler argues that media libraries have grown beyond their usages from the pre home video era to become central to today s corporate media strategy By studying the ways in which media library exploitation has scaled up since the turn of the new millennium the author identifies insights into larger media industry trends Ultimately this book explores the intersection of corporate media independent distributors private equity tech companies and audiences Scholars of media studies business and sociology will find this book of particular interest

Watching TV Harry Castleman, Walter J. Podrazik, 2024-12-16 Castleman and Podrazik present a season by season narrative that encompasses the eras of American television from the beginning in broadcast through cable and now streaming They deftly navigate the dizzying array of contemporary choices so that no matter where you start on the media timeline Watching TV provides the context and background to this multi billion dollar enterprise Drawing on decades of research the authors weave together personalities popular shows corporate strategies historical events and changing technologies enhancing the main commentary with additional elements that include fall prime time schedule grids for every season date box timelines highlighted key text and selected photos Full of facts firsts insights and exploits from now back to the earliest days Watching TV is the standard chronology of American television and reading it is akin to channel surfing through history The fourth edition updates the story into the 2020s and looks ahead to the next waves of change This new edition is the first to also be available in a digital format [VLDB 2006](#), 2006 *Media Today*

Joseph Turow, 2026-03-24 This ninth edition of Joseph Turow s pathbreaking media textbook uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world It teaches students to think critically about the role of media and what these changes mean for their lives The book s media systems approach helps students to look carefully at how media content is created distributed and exhibited in the new world that the digital revolution has created From news media to video games and social networking to mobile platforms and streaming it provides students with the tools they need to understand and critique the media they encounter and consume The first part examines the media world as a whole while the second delves deep into key media industries such as the movie television and video streaming and video game industries This new edition includes critical expanded coverage of social media economies cross border media issues the rise of news influencers and subscription platforms and the growing use of predictive and generative artificial intelligence as well as brand new case studies and updated figures tables and pedagogy including key terms and

further activities Media Today is an excellent introduction to the world of media in the digital age perfect for students seeking a solid grounding in media studies Extensive pedagogical materials also make this a highly teachable book well suited to the classroom The accompanying website has also been updated with new student and instructor resources including chapter recaps recommended readings and instructor s manual
