Auer,Antonella Poce,2024-10-03 New technologies provide us with new opportunities to create new learning experiences leveraging research from a variety of disciplines along with imagination and creativity The Learning Ideas Conference was created to bring researchers practitioners and others together to discuss innovate and create The Learning Ideas Conference 2024 was the 17th annual conference and was held as a hybrid event The conference took place from June 12th 14th 2024 both in New York and online and included the ALICE Adaptive Learning via Interactive Collaborative and Emotional Approaches Special Track and a Special Session from IGIP the International Society for Engineering Pedagogy Topics covered in this book include among others uses of artificial intelligence in learning online learning methodologies case studies in university and corporate settings new technologies in learning such as along with AI virtual reality augmented reality holograms and more adaptive learning and project based learning The papers included in this book may be of interest to researchers in pedagogy and learning theory university faculty members and administrators learning and development specialists user experience designers and others

*Artificial Intelligence Tools in Education* Paolo Ercoli,Robert Lewis,1988

*Understanding Media Psychology* Gayle S. Stever,David C. Giles,J. David Cohen,Mary E. Myers,2025-07-23 Understanding Media Psychology is an authoritative introductory textbook on the growing field of media psychology Providing an overview of topics in the field it

summarizes key concepts and theories and considers the importance of media psychology in today's society. The second edition of this bestselling textbook has been fully updated to reflect the changing landscape of media psychology. The new edition features a brand new chapter on news and political media as well as increased focus on AI and new forms of social media. It covers core areas such as positive media psychology, audience research, and the effect of gaming, violence, advertising, and pornography, critically engaging with contemporary discussions around propaganda, fake news, deepfakes, and how media and health psychology interacted during the COVID-19 pandemic and beyond. Written by a team of expert authors, this book will help readers understand the structures, influences, and theories around media psychology. Particular care is also given to addressing the interaction between issues of social justice and the media, as well as the effects media has on both the members of marginalized groups and how those groups are perceived. A student website and instructor resources provide further ways to engage with the content and support teaching and learning. Containing a range of pedagogical features throughout to aid teaching and student learning, including vocabulary and key terms, discussion questions, and boxed examples, this is an essential resource for media psychology courses at the undergraduate and introductory master's levels globally.

**A Pocket Style Manual with Exercises** Diana Hacker, Nancy Sommers, 2024-11-07. A Pocket Style Manual gives you quick answers and expert advice for writing assignments in any course or work setting, including coverage of grammar, style, citing sources, and writing responsibly with AI.
