Language Education in Saudi Arabia: Integrating Technology in the Classroom Ali H. Al-Hoorie, Connie Mitchell, Tariq Elyas, 2025-03-14 This volume addresses the pressing need for integrating technology into language learning and teaching practices In an age where technology shapes every aspect of our lives educators face the challenge of harnessing its power to enhance language education This book provides a nuanced exploration of this complex issue offering practical insights and innovative solutions It discusses various perspectives on technology s role in language education from artificial intelligence technology to hybrid learning approaches It also examines the impact of tools such as the Reading Progress tool on students reading skills and explores how exposure to language through media influences

speaking proficiency Additionally the book deals with corpus based studies and provides a comprehensive systematic review of research on technology and language learning in Saudi Arabia It also addresses the challenges posed by the COVID 19 pandemic and offers insights into adapting language teaching pedagogy to online environments ensuring continuity and effectiveness in language education This book is essential for researchers policymakers educators students and anyone interested in leveraging technology to revolutionize language education in Saudi Arabia and beyond *Four Days a Week* Juliet Schor,2025-06-03 Bestselling author leading sociologist and economist Juliet Schor makes the case for a four day work week persuasively showing how this model can address major challenges such as burnout AI and the climate crisis and how employees companies and governments can work together to make it a reality Around the world long hours and intense pressure are taking their toll When the pandemic hit in 2020 work induced stress and burnout skyrocketed Many reached a breaking point Now three quarters of the world s employees are disengaged and struggling including in the US and Canada where half are experiencing high levels of daily stress Our current work culture the five day forty hours a week model which has gone unchanged for nearly a century is failing But a remedial countertrend has emerged the four day work week Kickstarter Bolt Basecamp ThredUp and hundreds of other employers have eliminated the fifth day of work successfully figuring out how to maintain productivity while seeing remarkable improvements in employee well being Hiring is easier and fewer people are quitting These results are global Working a four day week people feel energized capable and more optimistic about their lives and their jobs *Four Days a Week* is the first large scale study of this trend Juliet Schor an expert who has researched and written about work for more than four decades beginning with her New York Times bestseller *The Overworked American* in 1992 shares her pioneering analysis of the benefits of a shorter work week how companies can achieve them why the concept has taken so long to emerge and gain acceptance and why doing so will help a company s employees and its bottom line The book is a blueprint for implementing a change that once seemed radical but is now within reach
