New York Times and USA Today Bestseller One thing I've learned being around Gary for the last decade is that when he sees new consumer trends or new best practices in marketing people should listen and act on them Michael Rubin CEO of Fanatics In his seventh business book bestselling author entrepreneur and investor Gary Vaynerchuk offers fresh in depth advice to enhance brand development grow sales and beat the competition using modern advertising strategies grounded in social media In his 2013 bestseller *Jab Jab Jab Right Hook* Gary Vaynerchuk showed the world how to create winning content for underpriced attention channels But since then new platforms have emerged others have become less relevant and algorithms are incentivizing new styles of content New skills are necessary to create advertising that builds brand and sales In his latest book Vaynerchuk argues that today's fast growing businesses brands content creators and influencers have one thing in common They mastered storytelling in areas of underpriced attention which predominantly exists across a handful of social media platforms Informed by 20 years of business and marketing success he contends that the biggest transformation and opportunity is the TikTokification of Social Media Increasingly platforms are distributing content based on what users are interested in rather than who they follow In *Day Trading Attention* Gary offers detailed advice on how small businesses large corporations and creators can Understand attention what it is where it is where it's underpriced and how to leverage it Produce relevant strategic content Use modern advertising platforms to build brand and grow sales in today's rapidly changing environment

[Jab, Jab, Jab, Right Hook](#) Gary Vaynerchuk, 2013-11-26 New York Times bestselling author and social media expert Gary Vaynerchuk shares hard won advice on how to connect with customers and beat the competition When managers marketers and small business owners outline their social media strategies they plan for the right hook their next campaign that will produce profits Even companies committed to jabbing creating content for consumers and engaging with customers to build relationships still desperately want to land the powerful bruising swing that will knock out their opponents or their customers resistance in one tooth shattering killer blow Right hooks after all convert traffic to sales They easily show results and return on investment Except when they don't In the same passionate streetwise style his readers have come to expect Vaynerchuk is on a mission to strengthen marketers right hooks by changing the way they fight to make their consumers happy and ultimately to compete Thanks to the massive change in and proliferation of social media platforms in the last four years the winning combination of jabs and right hooks is different now Communication is still key but context matters more than ever It's not just about developing high quality content it's also about developing high quality content that's perfectly adapted to specific social media platforms and mobile devices It's about truly engaging with customers not by shouting at them over social media but by using new narrative forms particular to each different media platform especially though not exclusively Facebook Instagram Pinterest Twitter and Tumblr *Jab Jab Jab Right Hook* is a blueprint to social media marketing strategies that really work
