The Parenting Revolution Justin Coulson, 2023-05-01 Advice about how to be a great parent from the co-host of Parental Guidance. What does it mean to be a good parent? Are you a good parent when your child is compliant but a bad parent when they're not? What if they're perfect at age three and challenging at thirteen? And what if your child has additional needs? This is a book about parenting styles and what it takes to be a great parent. We know about tiger parents, helicopter parents, free-range parents, but have you heard of Tesla parents, leaf-blower parents, or iPhone 6 parents? So many styles, but is there one that actually works? Justin Coulson believes so. Drawing on up-to-the-minute research in parenting science as well as studies of childhood development, he shows how our children thrive when we understand and meet their basic psychological needs, how our job is not to fix our kids but to create an environment that supports their growth and development, and how children flourish when we minimize control but maximize our warmth and involvement and establish healthy boundaries. Not all children are the same, and Justin considers a range of circumstances that you or your child might be in, including children with non-typical development. His revolutionary approach and practical strategies will encourage you to change the way you parent forever.

The Instaguide C. J. Hallock, 2017-07-31 Instagram has grown to be one of the largest social media platforms. With over 700 million monthly users, it is the gateway between you and your soon-to-be customers or clients. I knew I needed to figure out Instagram, so I started doing some research. That research went from just looking at a few blog posts and Instagram accounts into a massive passion project. While I did start this as a blog post, *The Ultimate Guide to Instagram*, it continued to grow the more research I did. To date, I have over 250 hours of research into Instagram. I found that none of the blog posts, books, or reports I read had much outside of a few hacks or one specific thing. This frustrated me, so I started to piece every piece of information I could find on Instagram together. After that blog post passed 6,000 words, I decided to finish it as a book so I can have all this information in one location that is easy for people to keep on hand. So follow along in this Instagram Guide and learn the basics and more. The following are some of the topics covered within the InstaGuide: How to create an Instagram account, How to use analytics, Business Tools within Instagram, What do I post to Instagram?
