Meal prepping is for everyone It is good for the value convenience and efficiency more than anything else With meal prepping you generally eat the same thing for a few days in a row so if you don't like leftovers or get bored with food meal prepping isn't for you If having nutritious meals that maximize your time and budget is more valuable to you than doing something different every day meal prepping is a great idea In general you'll see meal prep for the individual or maybe one other person doing a whole family Meal prepping for a whole family would be quite difficult but the result would be a meal plan that is stored in the refrigerator for a slow day in a week In addition to the way food is packed the individual nuances of your refrigerator can impact the usefulness of refrigerated meals the flavor is acceptable and the texture and flavor will be subject to the eater Always begin with the refrigerator guidelines that the FDA and then evaluate them against your own preferences In g
