## Querido Papa:

Mi vida con los santos James Martin, 2010-03-01 En *Mi vida con los Santos* James Martin nos presenta una conmovedora experiencia respecto a su relación con los Santos desde María la madre de Jesús hasta San Francisco o la Madre Teresa y la manera personal en la que ha sido dirigido por los héroes de la Iglesia a lo largo de toda su vida. Be inspired by the Catholic saints like never before in *My Life with the Saints* by James Martin SJ. This best-selling memoir of spiritual self-discovery is an homage to the Catholic saints who have accompanied Fr. Martin throughout his life. From a lukewarm childhood Catholicism to the Wharton School of Business to the executive fast track at General Electric to the Jesuits to a media career in Manhattan, Martin has relied on the Catholic saints to intervene in and guide his life. As Martin shares with us his many surprising encounters and journeys with the saints, he convincingly shows how we too can be close friends with the saints of the Catholic Church.

Samuel Doria Medina's Management Trajectory: A Clue to the Mintzberg-Ansoff-Goold Polemic Kimio Kase, Flavio Escóbar, Armando Gumucio, 2026-03-27 An outstanding feature of this book is that it offers a deep insight into the working of a strategy direction setting by a visionary CEO supported by the implementational process of the corporate centre staff. This insight sheds light on the centre's value creation process which includes core competence sense-making, parenting roles and strategic management styles as well as the organisational and implementational design for both divisional and multi-business corporations. Multiple survey interviews with the CEO and his staff as well as industry specialists and experts from multiple fields and policy incumbents, a questionnaire survey with the stakeholding members, a bibliographical survey and a document search were carried out with a view to deductive, inductive inferences and hypothesis construction verification purposes. The analysis here demonstrates first that Bowlby's attachment theory, sense-making and conviction narrative clarify the personality traits underpinning managerial stability and second that Max Joseph's trading asset logic can nicely combine with core competence theory as a binding logic of multi-business practices. It empirically verifies the dictum that excellent though daring strategy must be grounded in solid administrative and financial implementational realities. The book provides a framework for future organisational design including management control tools as it creates a new understanding of business and corporate strategies.

*I Ask the Impossible* Ana Castillo, 2011-08-10 An Anchor Books Original. Cherished for her passionate fiction and exuberant essays, the author hailed by Julia Alvarez as a storyteller de primera and by Barbara Kingsolver in *The Los Angeles Times* as impossible to resist, returns to her first love, poetry, to reveal an unwavering commitment to social justice and a fervent embrace of the sensual world. With the poems in *I Ask the Impossible*, Castillo celebrates the strength that is a woman buried deep in her heart. Whether memorializing real-life heroines who have risked their lives for humanity, spinning a lighthearted tale for her young son, or penning odes to mortals, gods, goddesses, Castillo's poems are eloquent and rich with insight. She shares over twelve years of poetic inspiration from her days as a writer who once wrote poems in a basement with no heat through the tenderness of motherhood and bitterness.
