Selfhood on the Early Modern English Stage Pauline Blanc, 2009-10-02 The twelve essays in *Selfhood on the Early Modern English Stage* analyse the influences that shaped the fictional constructs that inhabited the drama of the early modern period The contributors all specialists in the field working in France and England offer a wide spectrum of views and discuss a variety of dramatic texts ranging from late medieval cycle plays and interludes of the Tudor period to plays by Marlowe Shakespeare Tourneur and Jonson The early modern stage self emerges out of this collection as the site of a rich confluence of discursive and historical forces existing beyond the theatre itself Three essays in the first section reveal how abstract figures like Mundus and Mankind gradually became endowed with personal motives and personalizing traits which brought into existence stage beings with a capacity for emotion In the second section three essays deal with specific cultural factors that influenced the representation of selfhood in John Lyly's *Alexander* in Marlowe's *Tamburlaine* and in a selection of Stuart court masques presented at Whitehall The third section offers new insights into the composition of Hamlet as a dramatized personality the fourth investigates the way in which the poet playwright's autobiographical impulses may have helped in the construction of early modern stage selves the final fifth section explores the kaleidoscopic sources of the royal protagonists in Rowley's *When You See Me You Know Me* and Shakespeare's *Richard III* This collection of essays seeks to add a further contribution to the growing body of criticism that investigates the multi-faceted multi-layered construction of early modern subjectivity

Ecocriticism and Early Modern English Literature Todd A. Borlik, 2011-05-11 In this timely new study Borlik reveals the surprisingly rich potential for the emergent green criticism to yield fresh insights into early modern English literature Deftly avoiding the anachronistic casting of sixteenth and seventeenth century authors as modern environmentalists he argues that environmental issues such as nature's personhood deforestation energy use air quality climate change and animal sentience are formative concerns in many early modern texts The readings infuse a new urgency in familiar works by Shakespeare Sidney Spenser Marlowe Raleigh Jonson Donne and Milton At the same time the book forecasts how ecocriticism will bolster the reputation of less canonical authors like Drayton Wroth Bruno Gascoigne and Cavendish Its chapters trace provocative affinities between topics such as Pythagorean ecology and the Gaia hypothesis

Ovidian tropes and green phenomenology the disenchantment of Nature and the Little Ice Age and early modern pastoral poetry and modern environmental ethics It also examines the ecological onus of Renaissance poetics while showcasing how the Elizabethans sense of a sophisticated interplay between nature and art can provide a precedent for ecocriticism s current understanding of the relationship between nature and culture as mutually constructive Situating plays and poems alongside an eclectic array of secondary sources including herbals forestry laws husbandry manuals almanacs and philosophical treatises on politics and ethics Borlik demonstrates that Elizabethan and Jacobean authors were very much aware of and concerned about the impact of human beings on their natural surroundings

New Directions in Early Modern English Drama Aidan Norrie, Mark Houllahan, 2020-07-06 This collection examines some of the people places and plays at the edge of early modern English drama Recent scholarship has begun to think more critically about the edge particularly in relation to the canon and canonicity This book demonstrates that the people and concepts long seen as on the edge of early modern English drama made vital contributions both within the fictive worlds of early modern plays and without in the real worlds of playwrights theaters and audiences The book engages with topics such as child actors alterity sexuality foreignness and locality to acknowledge and extend the rich sense of playmaking and all its ancillary activities that have emerged over the last decade The essays by a global team of scholars bring to life people and practices that flourished on the edge manifesting their importance to both early modern audiences and to current readers and performers

Confession and Memory in Early Modern English Literature Paul D. Stegner, 2016-01-26 This is the first study to consider the relationship between private confessional rituals and memory across a range of early modern writers including Edmund Spenser Christopher Marlowe William Shakespeare and Robert Southwell

The Return of Theory in Early Modern English Studies E. Aston, B. Reynolds, Paul Cefalu, 2016-04-30 This collection looks at the growing rapprochement between contemporary theory and early modern English literary cultural studies With sections on posthumanism and cognitive science political theology and rematerialism and performance the essays incorporate recent theoretical inquiries into new readings of early modern texts

Please note this work may not be suitable for readers under 12 years old due to bawdy innuendo. See also *Macbeth* Translated, *Romeo and Juliet* Translated and *A Midsummer Night's Dream* by SJ Hills. *Portraits in Early Modern English Drama* Emanuel Stelzer, 2019-05-14. *Portraits in Early Modern English Drama* studies the complex web of interconnections that grows out of the presentation of portraits as props in early modern English drama. Emanuel Stelzer considers this theory from the Elizabethan age up to the closing of the theatres. This book examines how the dramatic text and the subjectivities of the dramatis personae are shaped and changed through the process of observation and interpretation of pictures in the dramatic actions and dialogues. Unlike any previous study it confronts when a portrait is clearly meant not to be a miniature. This also has bearings on the effect of the picture on the audience and in terms of genre expectation. Two important questions are interrogated in the book: What were the price and value of these portraits and What were the strategies deployed by the playing companies to show women's portraits in a theatre without actresses. This book will be of interest to different areas of research dealing with the history of drama and literature, material and visual culture studies, art history, gender studies and performance studies.

Many early modern plays use poison, most famously *Hamlet*, where the murder of Old Hamlet showcases the range of issues poison mobilises. Its orchard setting is one of a number of sinister uses of plants which comment on both the loss of horticultural knowledge resulting from the Dissolution of the Monasteries and also the many new arrivals in English gardens through travel, trade and attempts at colonisation. The fact that Old Hamlet was asleep reflects unease about soporifics troubling the distinction between sleep and death, pouring poison into the ear smuggles in the contemporary fear of informers and it is difficult to prove. This book explores poisoning in early modern plays, the legal and epistemological issues it raises and the cultural work it performs, which includes questions related to race, religion, nationality, gender and humans' relationship to the environment. *Early Modern English Drama* Garrett A. Sullivan, Patrick Cheney, Andrew Hadfield, 2006. Each of these essays addresses not only a play but a specific cultural or literary topic. They cover vital perspectives in cultural studies such as race, class, gender, sexuality and colonialism, as well as topics in history like humanism, science, law and

reformation theology and in dramatic genre **The Politics and Poetics of Contemporary English Tragedy** Sean Carney,2013-01-01 The Politics and Poetics of Contemporary English Tragedy is a detailed study of the idea of the tragic in the political plays of David Hare Howard Barker Edward Bond Caryl Churchill Mark Ravenhill Sarah Kane and Jez Butterworth Through an in depth analysis of over sixty of their works Sean Carney argues that their dramatic exploration of tragic experience is an integral part of their ongoing politics This approach allows for a comprehensive rather than selective study of both the politics and poetics of their work Carney s attention to the tragic enables him to find a common discourse among the canonical English playwrights of an older generation and representatives of the nineties generation challenging the idea that there is a sharp generational break between these groups Finally Carney demonstrates that tragic experience is often denied by the social discourse of Englishness and that these playwrights make a crucial critical intervention by dramatizing the tragic
