Hacked and Hunted: A Smart Girl's Guide to Online Safety Anand Shinde,Vandana Keswani,2026-02-23 In the digital world one click can change everything Social media promises fame friendship and freedom but beneath the surface lies a darker reality Hacked and Hunted A Smart Girl s Guide to Online Safety is a gripping cyber thriller that exposes how quickly online success can turn into a nightmare and why digital awareness is no longer optional Meet Aarushi Kaneera and Sophia three young women connected by friendship and unknowingly bound by danger Aarushi is a brilliant tech mind who understands the language of machines Kaneera is a rising social media influencer basking in likes followers and viral fame Sophia a determined law student believes justice can protect the vulnerable Their lives collide when a celebration of online success spirals into a chilling game of cyber manipulation What begins as harmless posting and online engagement soon unravels into a terrifying chain of events phishing attacks spyware infections account takeovers cyberstalking doxxing and personal data being sold on the dark web A faceless hacker watches their every move exploiting overshared information and digital blind spots Trust fractures Fear escalates And the line between predator and prey begins to blur As the threat intensifies Aarushi is forced to push her technical skills to the limit venturing into the hacker s world where one mistake could cost everything Kaneera s online fame becomes a weapon used against her while Sophia uncovers a painful truth the greatest danger doesn t always come from strangers it can emerge from within the systems we trust most This is more than a fast paced thriller it s a wake up call Seamlessly blending storytelling with real world cybersecurity lessons this book educates readers on Phishing scams and how attackers manipulate trust Weak passwords account takeovers and recovery strategies Spyware malware and device compromise Cyberstalking doxxing and digital harassment Dark web data trading and identity exposure Ethical hacking digital footprints and online traceability Long term practices for protecting privacy and digital identity Each chapter reveals not only what happens to the characters but how it happens empowering readers to recognize threats before they become victims

themselves Written by Anand Shinde an internationally recognized cybersecurity expert and mentor and Vandana Keswani a senior enterprise cybersecurity leader and passionate advocate for empowering girls online this book draws directly from decades of real world cyber defense experience Their combined expertise transforms complex threats into relatable actionable insights without losing the intensity of a page turning thriller Hacked and Hunted is especially powerful for Teen girls and young women navigating social media Parents seeking awareness driven stories for their children Educators and mentors promoting digital safety Anyone who believes it won t happen to me This story will make you rethink every password every post and every moment you share online Because in today s digital world privacy is fragile trust is exploitable and awareness is survival Once you step into this story there s no turning back *From Hacked Cars to Cyber Attacks: A Complete Guide to Digital & Physical Attacks* Tina Ginn,2025-01-27 *From Hacked Cars to Cyber Attacks A Complete Guide to Digital Physical Attacks Cybersecurity for Dummies Because Your Smart Fridge Shouldn t Join the Dark Side Digital Security Guide 2025* Warning Reading this book may result in uncontrollable preparedness instincts and a newfound paranoia about your toaster spying on you Ever wondered if your car might suddenly decide to drive itself off a cliff Or if a rogue email attachment could invite cyber ninjas into your bank account Fear not This hilarious yet utterly practical guide dives into the wild sometimes wacky world of digital and physical attacks From cyber bombs that could knock out entire cities to everyday hacks targeting your gadgets we break down the threats lurking in today s interconnected world But don t worry it s not all doom and gloom Packed with easy to follow strategies relatable stories yes someone really fell for that Nigerian prince and a touch of humor this book transforms geeky cybersecurity into something even your grandma could enjoy What s Inside How to outsmart cybercriminals without wearing a tinfoil hat Why your smart fridge might be smarter than you think and what to do about it Practical steps to protect your devices identity and dignity The secret recipe for peace of mind in an unpredictable world Whether you re a tech wizard or still figuring out how to reset your Wi Fi this book equips you to defend yourself against the invisible enemies of the modern age Because when it comes to digital and physical attacks the best offense is a great defense and maybe a good laugh along the way Get ready to turn the tables on hackers scammers and cyber villains Your gadgets will thank you **What To Do When You Get Hacked** Shimon Brathwaite,2022-11-16 **What To Do When You Get Hacked A Practitioner s Guide to Incident Response in the 21st Century** teaches you everything that you need to know about preparing your company for a potential data breach We begin by talking about what the latest cybersecurity threats and attacks are that your company needs to be prepared for Once we establish that we go into the different phases of the incident response lifecycle based on the NIST framework This will teach you how to properly prepare and respond to cybersecurity incidents so that you can be sure to minimize damage and fulfill all of your legal requirements during a cyberattack This book is meant for the everyday business owner and makes these concepts simple to understand and apply Hacked Kevin F. Steinmetz,2016-11-29 Inside the life of a hacker and cybercrime culture Public discourse from

pop culture to political rhetoric portrays hackers as deceptive digital villains But what do we actually know about them In *Hacked* Kevin F Steinmetz explores what it means to be a hacker and the nuances of hacker culture Through extensive interviews with hackers observations of hacker communities and analyses of hacker cultural products Steinmetz demystifies the figure of the hacker and situates the practice of hacking within the larger political and economic structures of capitalism crime and control This captivating book challenges many of the common narratives of hackers suggesting that not all forms of hacking are criminal and contrary to popular opinion the broader hacker community actually plays a vital role in our information economy *Hacked* thus explores how governments corporations and other institutions attempt to manage hacker culture through the creation of ideologies and laws that protect powerful economic interests Not content to simply critique the situation Steinmetz ends his work by providing actionable policy recommendations that aim to redirect the focus from the individual to corporations governments and broader social issues A compelling study *Hacked* helps us understand not just the figure of the hacker but also digital crime and social control in our high tech society
