Cultural Residues Chile In Transition:

Cultural Residues Nelly Richard, 2004 A portrait of postdictatorial Chile by one of that country's most incisive cultural critics *Cultural Residues* uses memoirs, photographs, art, and novels to analyze the political-cultural Chilean landscape in the wake of Augusto Pinochet's seventeen-year military rule. According to Nelly Richard, such residual areas reveal the flaws in Chile's transition from violent dictatorship to electoral democracy. **Luz Arce and Pinochet's Chile** M. Lazzara, 2011-04-25 Since the demise of the Pinochet dictatorship in 1990, collaboration and complicity both in the torture chamber and civil society have been taboo topics not only for the Chilean left but also for society at large. By revisiting the experience of Luz Arce Sandoval, a leftist militant turned collaborator with Pinochet's secret police, *Luz Arce and Pinochet's Chile* raises urgent political and ethical questions about how nations carry out unspeakable violence in the name of progress and democracy. Juxtaposing interviews, legal documents, and academic analysis, this book probes the personal and collective dimensions of torture, collaborationism, truth, justice, reconciliation, and memory issues that resonate in Latin America and beyond. [Unsettling Nostalgia in Spain and Chile](#) Lisa DiGiovanni, 2019-11-08 *Unsettling Nostalgia in Spain and Chile: Longing for Resistance in Literature and Film* reframes nostalgia to analyze how writers and filmmakers have responded to 20th-century dictatorial violence and loss in Spain and Chile. By reaching beyond reductive definitions that limit nostalgia to a conservative desire to defend traditional power hierarchies, Lisa DiGiovanni captures the complexity of a critically conscious type of longing and form of transmission that she terms unsettling nostalgia. Using literature and film, DiGiovanni illustrates how unsettling nostalgia imbues representations of pre-dictatorial mobilization during the Second Spanish Republic (1931-1939) and the Chilean Popular Unity (1970-1973), as well as depictions of clandestine resistance to the Franco dictatorship (1939-1975) and the Pinochet regime (1973-1989). Positive memories of efforts to upend power hierarchies coexist with retrospective critiques that fissure romanticized views of revolutionary struggle. *Unsettling* nostalgic works engender deeper understandings of the complexities of political movements and how stories of resistance are meaningful today. By calling attention to the parallels between nostalgic modes that resist multiple injustices based on gender, class, and sexuality, this book traces an evocative continuity between Spain and Chile that goes beyond the initial work that links forms of militaristic authoritarianism. Scholars of Latin American studies, film studies, literary studies, history, women's and gender studies, memory studies, and rhetoric will find this book particularly useful. **Intersectional Feminism in the Age of Transnationalism** Raysa E. Amador, Olga Bezhanova, 2021-02-17 *Intersectional Feminism in the Age of Transnationalism: Voices from the Margins* explores the limitations of the transnationalist approach to feminism and questions the neoliberal emphasis on individual freedom and consumer choice as the central goals of feminist activism. The contributions to the volume discuss such varied topics as fiction by Edwidge Danticat, Judith Ortiz Cofer, and Diamela Eltit; visual art of Laura Aguilar and Maruja Mallo; films directed by Lucrecia Martel; a TV series based on a novel by Mar a Due; as

the art activism of Ani Ganzala and Zinha Franco and the philosophical thought of Gloria Anzald a All chapters proceed from the belief in the continued usefulness of intersectionality as a valuable category of critical analysis that is particularly necessary at the time when the effects of neoliberal globalization are undermining many familiar categories of critical inquiry
