Simon, 2020-04-14 Businesses investors and consumers are grappling with the seismic daily changes technology has brought to the banking and finance industry The Money Hackers is the story of fintech's major players and explores how these disruptions are transforming even money itself Whether you've heard of fintech or not it's already changing your life Have you ever Venmoed someone Do you think of investing in Bitcoin

even though you can't quite explain what it is. If you've deposited a check using your iPhone that's fintech. If you've gone to a bank branch and found it's been closed for good odds are that's because of fintech too. This book focuses on some of fintech's most powerful disruptors: a ragtag collection of financial outsiders and savants and uses their incredible stories to explain not just how the technology works but how the Silicon Valley thinking behind the technology ideas like friction, hedonic adaptation, democratization, and disintermediation is having a drastic effect on the entire banking and finance industry. Upon reading *The Money Hackers* you will feel empowered with the knowledge needed to spot the opportunities the next wave of fintech disruptions will bring. Understand the critical pain points that fintech is resolving through a profile of the major insurgents behind the disruption. Topic areas include *Friction* featuring founders of Venmo, *Aggregate and Automate* featuring Adam Dell, founder of Open Table and brother of Michael Dell, and *Rise of the Machines* featuring Jon Stein, founder of robo advisor Betterment. Learn about some of the larger-than-life characters behind the fintech movement. *The Money Hackers* tells the fascinating story of fintech: how it began and where it is likely taking us.

[Core Concepts of Accounting Information Systems](#) Mark G. Simkin, James L. Worrell, Arline A. Savage, 2018-05-14 Accounting Information Systems (AIS) have become indispensable in the field and this book provides clear guidance for students or professionals needing to get up to speed. Designed to suit a one-semester AIS course at the graduate, undergraduate, or community college level, *Core Concepts of Accounting Information Systems* explores AIS use and processes in the context of modern-day accounting. Coverage includes conceptual overviews of data analytics, accounting, and risk management, as well as detailed discussion of business processes, cybercrime, database design, and more to provide a well-rounded introduction to AIS. Case studies reinforce fundamental concepts using real-world scenarios that encourage critical thinking, while *AIS at Work* examples illustrate complex procedures or concepts in everyday workplace situations. Test Yourself questions allow students to gauge their level of understanding, while End of Chapter questions stimulate application of new skills through problems, cases, and discussion questions that facilitate classroom dialogue. Practical, current, relevant, and grounded in everyday application, this book is an invaluable resource for students of managerial accounting, tax accounting, and compliance.

[Buffett's Tips](#) John M. Longo, Tyler J. Longo, 2025-10-06 What if you could learn financial literacy from Warren Buffett himself? Finance is a language like any other: the more fluently you speak it, the further and more comfortably you travel. And if you want to improve your financial literacy, what better teacher could you have than Warren Buffett? Often described as the greatest investor of all time, Warren Buffett started his investment firm with \$100 in the late 1950s and went on to become the billionaire and sage we know today. Along the way, he's reaped huge profits for fellow investors in Berkshire Hathaway and remains one of the most sought-after and closely watched figures in the business world. So how did he do it? In *Buffett's Tips*, award-winning professor and professional investor John M. Longo demonstrates just how by translating decades of Buffett's writings and media appearances into a 100 straightforward tips and strategies anyone can follow for enhanced financial literacy and

independence including Essential concepts like the time value of money and compound interest Basic financial instruments such as savings and checking accounts and certificates of deposit Approaches to valuing stock including discounted cash flow and relative valuation How to build a portfolio in accordance with Buffett s two golden rules Whether you want to grow your personal finances develop your business acumen or improve softer career skills such as emotional intelligence there s no one better to learn from than the most famous investor in the world and no better way to do that than having a copy of Buffett s Tips close at hand
