## PROFILE

Your profile is one of the most important parts of your resume. This section should give a concise summary of your career to date (5 sentences max). This will be one of the first sections your future employer/recruiter will see, and you don't want it to be the only one! Your profile needs to capture their attention and get them to keep reading your whole CV. One final tip: it is usually easiest to write this part last. Good luck!
