message is a simple one business as usual isn't working. In fact it's business as usual that's wrecking our planet. Resources are being used up: the air, the sea, the land are all heavily polluted. The poor are getting poorer. Many are dying of starvation or because they can't afford a dollar a day for life-saving medicine. Prophesying doom and gloom is simply not my style. I think business can help fix things and create a more prosperous world for everyone. I happen to believe in business because I believe that business can be a force for good. By that I mean doing good is good for business. **Screw Business as Usual** shows how easy it is for both businesses and individuals to embark on a whole new way of doing things, solving major problems and turning our work into something we both love and are proud of.
