Social Media and Sports Galen Clavio,2021 Social Media and Sports provides a holistic view of the impact of social media on sports communication teaching conceptual understanding and creative skills for social media strategy content creation and execution

The Networked Library Melissa A. Purcell,2012-07-16 The lesson plans in this book enable educators to easily incorporate networking technologies into the classroom not just a fun enrichment activity but one that is selective and intentional to teach the required standards Our Web 2 0 world is based on participation Incorporating networking sites into classroom lesson plans invites students to participate and get involved using the digital learning styles with which they are already accustomed interacting with new information building knowledge and sharing that knowledge with an authentic responsive audience The Networked Library A Guide for the Educational Use of Social Networking Sites demonstrates how integrating networking tools that students enjoy using can improve their learning in the classroom The book is designed to take educators who are new to networking sites from the ground up while allowing experts to jump directly into the lesson plan chapters It covers many types of networking sites that educators can use to their advantage media sharing sites including YouTube TeacherTube Wikimedia Commons and Flickr microblogs and wikis such as Wikispaces PBworks and Twitter and social networking sites including Facebook Ning and Edmodo

Flexible Ridesharing Volker Handke,Helga Jonuschat,2012-12-14 Individual mobility is one of the most important needs of modern society and an important link between private public and economic life In contrast transport also entails severe environmental and social burdens foiling current efforts for sustainable development As the main source of CO2 emissions transport is a prominent driver for climate change and individual car traffic is responsible for nearly a third of the total energy consumption However we have to consider that many commuters feel indeed very dependent on their car Here ridesharing promises to contribute to environmental protection while still offering individual mobility Although ridesharing options have been discussed since many years internet and smartphones provide completeley new opportunities to find ridesharing partners today Thus this book deals with current efforts on implementing flexible internet and phone based ridesharing services With a main focus on the users perspective their demands and acceptance limits we aim to explore success factors for non profit but also commercial ridesharing concepts
