Floyd Brown, Todd Cefaratti

Amazon Weekly Ad 2025:

Amazon Natalie Berg, Miya Knights, 2021-11-03 Amazon one of the world's most valuable companies is worth more than Walmart, Netflix, Target, Nike, and Costco combined. What are the secrets to its success? How can these insights be applied to other businesses in the e-commerce sector? The retail industry is facing unprecedented challenges. Across all sectors and markets, retailers are shifting their business models and customer engagement strategies to ensure they survive. Amazon offers unique insight into the company's persistent dissatisfaction with the status quo and innovation and how it has fundamentally changed the ways in which we shop. This fully updated second edition explores Amazon's response to the coronavirus pandemic, the convergence of physical and digital retail, e-commerce economics and sustainability, as well as future policy implications. Written by industry-leading retail analysts and with the first edition now translated into more than a dozen languages, Amazon is an invaluable resource for discovering the lessons that can be learned from the company's unprecedented rise to dominance.

Big Tech

Tyrants Floyd Brown, Todd Cefaratti, 2019-09-03 As seen on Tucker Carlson They are driven without respect for the lives they are changing Boy Kings or Big Tech Tyrants are considered the most powerful individuals in the world They re the autocratic aristocrats who run the tech giants in Silicon Valley and if the labels are accurate they suggest these social platform operators have gained a non elected or should we say a self elected authoritarian power They wield it with more effectiveness and precision than any sitting government or military strategist Big Tech Tyrants boast riches beyond emperors of old but act like juveniles who don t want to grow up They are modern day robber barons Big Tech Tyrants don t know the meaning of privacy when it comes to you They try to make you believe they will give their products away for free as a service to society when really they are vacuuming your personal data They use this data to discover your deepest secrets Are you or your partner trying to get pregnant Are you underwater financially Are you having an extramarital affair Do you have a tidy nest egg Are you a Trump supporter Are you a Bernie Sanders follower Are you a Scientologist Mormon Christian or Buddhist Your personal data is extremely valuable to them and they use it and abuse These tyrants knowingly addict users to make more money Not only that they also consider themselves the most enlightened the world has ever seen so they know what s best for you to see from the news and information you read to the political candidates they think you should vote for They censor news and only let you see what they want you to see This is an eye opening must read for anyone living in the twenty first century

Consumer Society and Ecological Crisis Leslie M. Meier, 2022-12-15 Consumer Society and Ecological Crisis advances a critique of consumer capitalism and its role in driving environmental degradation and climate crisis placing a spotlight on how marketing and distribution activities help maintain unsustainable levels of consumption Rather than focusing on the most visible sites of promotional communication Meier examines less conspicuous facets of marketing and logistics in distinct chapters on plastic packaging e commerce and sustainability pledges in the fossil fuel sector These three main chapters each explore links between ecological crisis and consumer capitalism drawing on critical theory and Marxist thought The topics of consumer convenience speed and economic growth and the role of fossil fuels as guarantor of these logics of consumer society unite the critical analysis Situated in the field of media and communication studies and adopting an interdisciplinary approach this book will be of interest to academics researchers and students in the areas of media and communication studies cultural studies sociology geography philosophy political science and advertising

Mastering the Data Paradox Nitin Seth, 2024-03-18 There are two remarkable phenomena that are unfolding almost simultaneously The first is the emergence of a data first world where data has become a central driving force shaping industries and fueling innovation The second is the dawn of the AI age propelled by the advent of Generative AI that has created the possibility to leverage the data of the world for the first time The convergence of these two with data as the common denominator holds immense promise and the opportunities are boundless This book provides us with opportunities to push our thinking to innovate to transform and to create a better future at all levels individual enterprise and the world
